Detailed report of the program

Symposium on Thyroid Malignancy was conducted in department of ENT on 17th April 2024 in ENT demo room at 1 pm for the benefit of interns and PG students. CRRI's and ENT post graduates actively participated in the symposium. The event was started with brief introduction of thyroid disorders by Dr. Anand Kartikeyan HOD ENT. The anatomy of thyroid gland was presented by Dr. Shruthi CRRI), followed by presentation by Dr. Siddharthan (CRRI) on physiology of thyroid gland. First year pg Dr. Adithya presented clinical features and investigations in thyroid malignancy. Dr Gautham, 2nd year pg presented Non surgical treatment modalities used in thyroid malignancy and Surgical management of thyroid malignancy was covered by 3rd year post graduate Dr. Veeraraman. All the presentations were meticulously prepared and had lot of images and videos for

better understanding of the topics. Recent advances in field of thyroid malignancy were covered. The symposium ended with the vote of thanks at 3 pm.
