

PRP AND HAIR COSMETICS WORKSHOP

The course was organized by the Department of DVL in association with MEU on the topic of “HAIR COSMETICS AND PLATELET RICH PLASMA” on **09/01/2024 and 10/01/2024** at 4th Floor Auditorium – Hospital Block. The event was inaugurated by respected Dean Prof. Dr. J. Muthukumaran, DLO, MS, MCH., and felicitated by Prof. Dr. Sivakumar Sivasubramaniam MD and Dr. Prashanthi MD.

The "HAIR COSMETICS AND PLATELET RICH PLASMA" course showcased the attempts to fill the lacunae in our knowledge of hair cosmetics and esthetic procedures relevant in today's rapidly changing beauty-enhancing industry with special emphasis on Indian scenario for chemical and natural hair products.

The speakers emphasized on essential to prioritize further research, clinical trials, and interdisciplinary collaborations to harness the full potential of the platelet rich plasma and ultimately improve patients' adherence to alopecia and scalp treatments.

The discussions presented during this seminar provide a solid foundation for continued exploration and innovation.

Live demo and Hands on training on PRP provided knowledge about preparation of PRP, injection techniques in alopecia, patient assessment and consultation and post treatment care.

Finally vote of thanks was delivered by Dr. G. P. Rekha MD,
