TECHNOMED INDUSTRIAL VISIT – 2025

Venue – Technomed seminar hall.

Date: 04/06/2025

Time: 11:00AM-3:45PM

Organized By: Technomed chief executive team members

Mr.Arun Kailash, Vice president of Technomed, start a brief introduction to our Internship students of Tagore College of Physiotherapy about the Technomed Electronics (Estd 1981, Formerly Electro care) is the No 1 Physiotherapy Equipment Manufacturer in India with over three decades of experience.

The visit aimed to provide students with practical exposure to physiotherapy equipment manufacturing, circuit functioning, and advanced technological trends in rehabilitation devices. Technomed Electronics specializes in physiotherapy modalities including electrotherapy, ultrasound therapy, and rehabilitation equipment.

Circuit Functioning Engineers explained the provided valuable insights into real-world applications of physiotherapy technology, bridging the gap between academic learning and industry practices. We thank our principal and management for giving this opportunity and support.
