practices back in his hospital. He also gave some motivation for our undergraduate interns and student nurses by addressing them and a boost to our PG by appreciating their involvement. Then Dr. HemaVardhini (Senior resident), Dr. Chujitha (Post graduate) gave a detailed and easily understandable demonstration and explanation on self breast examination using mannequins and enlightened the crowd about how to detect a lump in the breast and potentially cut down years of breast cancer progression in patients using a simple, easy to perform method - The self breast examination. Later on, a interactive question and answer session was conducted to the audience where they asked their doubts and clarified it with our chief guest and speakers.

Head of the department	Dean
