

International Conference Scientific Abstract Acceptance

Inter-Departmental collaborative research at Tagore Medical College Hospital, Chennai by Dr. Sree T. Sucharitha, MD, Professor, Dept. of Community Medicine, and Dr. S. Manikandan, PhD (Co-Author/Guide) Professor, Dept. of Physiology, submitted as scientific abstract titled: ***“Quantification of Urinary Cotinine levels among Interstate Migrant Construction Workers in Chennai, South India: A Community Based Pilot Study”*** was accepted for 12th SciTech Biomed-Cancer Sciences 2021 (February 24,2021).

Researchers are thankful to migrant construction workers and construction site managers who coordinated and supported us in implementation of the project. We would also like to thank our RHTC and UHTC field staff and the medical interns posted in the Department of Community Medicine, TMCH who made this project successful.

We thank the IRC, IEC committees of TMCH, Dean, Dean-Academics, TMCH and Management of Tagore Educational Trust for enabling infrastructural and institutional support during conduct of this research.
