

DEPARTMENT OF ANATOMY

EVENT: Guest lecture

TOPIC: EMBRYOLOGY OF GENITOURINARY SYSTEM

DATE: 05.07.2025

GUEST SPEAKER:

Dr. K A Ashma MBBS., DO., MD.,

Professor,

Department of Anatomy,

Melmaruvathur Adhiparasakthi Institute of Medical Science and research. Chennai.

The Department of Anatomy, Tagore Medical College and hospital, organized a Guest lecture on **Embryology Of Genitourinary System** for First Year MBBS students to enhance their understanding of the structural and functional aspects of the urinary and reproductive systems. The session was delivered by Dr. K A Ashma MBBS., DO., MD., Professor, Department of Anatomy, Melmaruvathur Adhiparasakthi Institute of Medical Science and research. Chennai, who provided in-depth insights into the embryology, anatomy, and clinical relevance of the genitourinary tract. The lecture was highly interactive, incorporating visual aids and case-based discussions to help students correlate basic anatomical knowledge with clinical applications. Students actively participated and expressed that the session greatly reinforced their learning and clarified complex concepts. We would like to thank our chairperson, secretary and dean for making this event a success.
