Prof Dr K Sivaprakasam, MS
Medical Superintendent, TMCH

Prof Dr Preetha Paul, MD, ACME
Organizing Chairperson
Prof and Head, Dept of Physiology, TMCH

Warm greetings from Tagore Medical College and Hospital, Chennai. It gives us immense pleasure to invite you to the annual intercollegiate undergraduate quiz in haematology being organized by TMCH under the aegis of the Association of Physiologists of Tamil Nadu.

Quiz-haemia was originally slated for the 20th of March, 2020 and we started preparing for the event from December 2019. However, due to the COVID-19 pandemic, life, as we knew it, was disrupted, and with the lockdown being imposed on 16.03.2020, we were unable to hold the event as planned.

Coming to terms with the way our enthusiastic efforts and eager preparations came to a grinding halt was a painful experience in itself. Adding to this was the pain of the participants, which we felt as our own, knowing all of them had invested time and effort into preparing for this academic rendezvous so eagerly looked forward to every year. With time came acceptance and a resolve to rise above this challenge, and that was when we were inspired to evolve with the changed circumstances and take the quiz online. With this spirit we are organizing this online edition of the undergraduate quiz on 18th and 19th Aug, 2021.

Tagore Medical College and Hospital is committed to imparting quality medical education and producing world class health care professionals imbued with an attitude of professionalism and social responsibility. The college strives to promote academic excellence and a scientific temper in its students.

We are delighted to host this event and excited about the opportunity for the delegates to embark on a learning adventure with us.

TN Dr MGR Medical University credit points awaited
