Symposium on Thyroid Malignancy was conducted in department of ENT on 17<sup>th</sup> April 2024 in ENT demo room at 1 pm for the benefit of interns and PG students. CRRI's and ENT post graduates actively participated in the symposium. The event was started with brief introduction of thyroid disorders by Dr. Anand Kartikeyan HOD ENT. The anatomy of thyroid gland was presented by Dr. Shruthi CRRI), followed by presentation by Dr. Siddharthan (CRRI) on physiology of thyroid gland. First year pg Dr. Adithya presented clinical features and investigations in thyroid malignancy. Dr Gautham, 2<sup>nd</sup> year pg presented Non surgical treatment modalities used in thyroid malignancy and Surgical management of thyroid malignancy was covered by 3<sup>rd</sup> year post graduate Dr. Veeraraman. All the presentations were meticulously prepared and had lot of images and videos for better understanding of the topics. Recent advances in field of thyroid malignancy were covered. The symposium ended with the vote of thanks at 3 pm.

## Detailed Report of the Program

On 11.08.2023, the Department of Anatomy at Tagore Medical College and Hospital organised a Guest lecture on "Heart Development and Congenital Anomalies Unravelling the Blueprint of Life's Vital Organ" for first-year medical students (2022 -2023). Dr. S. Aruna, Professor, spoke about the development of the chambers and septum of the heart, as well as congenital defects. The lecture began and ended with filling pre test, post-test and feedback from student. We thank our Chairperson, Secretary, Medical Superintendent and Dean for making this event successful.

### Feedback analysis:

1. It was a very productive session and I hope more sessions are organized in the future.
2. So easy to understand...i learnt the concept while the lecture is taken.
3. Session was really helpful and interactive.The topic was explained with examples and it was interesting to learn.Thank you for conducting this event.
4. Interactive sessions are needed.
5. Breaks in between would have made it easier for concentrating on lecture.

## Detailed Report of the Program

The Department of Anatomy at Tagore Medical College and Hospital hosted a Guest lecture on "Genetics Simplified -A Primer for First Year Medical Students" on August 25, 2023 for first-year medical students (2022-2023). Dr. Lavanya Prathap discussed on the fundamentals of genetics in clinical practise. She concentrated on the fundamentals of genetics, including chromosomal abnormalities, mutation, sex determination, pre-natal diagnostic methods, and genetic testing. Prof. Dr. D.H. Gopalan awarded a certificate and a memento to the guest speaker. The programme concluded with a posttest and feedback form filled out by students. We would like to thank our Chairperson, Secretary, Medical Superintendent, and Dean for their efforts in making this event a success.

### Feedback analysis:

1. It was a very productive session and I hope more sessions are organized in the future.
2. So easy to understand...i learnt the concept while the lecture is taken.
3. Session was really helpful and interactive. The topic was explained with examples and it was interesting to learn. Thank you for conducting this event.

## CIRCULAR

This is to inform you that the Department of Biochemistry along with Medical Education Unit is conducting value added course on “BIOCHEMICAL INSIGHTS IN CLINICAL PRACTICE – BRIDGING BENCH TO BEDSIDE” on 12th June 2024 in lecture hall 1, college building. Students of 1st MBBS can participate and register their names in the department of Biochemistry. Upon completion of the course, completion certificate will be given.

## PROGRAMME REPORT

Name/Title of the program	BIOCHEMICAL INSIGHTS IN CLINICAL PRACTICE – BRIDGING BENCH TO BEDSIDE.		
Date and Time	12/06/2024	9.00AM – 3.30 PM	
Venue	Lecture Hall 1, College Building TAGORE MEDICAL COLLEGE & HOSPITAL		
Target audience/Stakeholder	MBBS students, Faculty and PG.		
Number of Participants	I st Year (2023 Batch) MBBS students (150students)		
Program/Event Organized by	DEPARTMENT OF BIOCHEMISTRY		
Resource Persons Name and Topic Taken	Name	Designation	Topic Taken
	Dr.L.Karpagavel	Prof & HOD	Integrating Biochemical markers in everyday clinical practice
	Dr. M.Priyadarssini	Asst Prof	Recent trends in molecular biology.
Objective of the Program	The primary objective of the CME is to help the applicants to provide knowledge about importance of Molecular biology in

A Continuing Medical Education (CME) Programme was organised on 12 th , June 2024 on the “Biochemical Insights In Clinical Practice – Bridging Bench To Bedside” in the Lecture Hall 1 from 09.00 am to 3.30 pm at Tagore Medical College and Hospital, Chennai. The speaker was Dr.L.Karpagavel , MD Biochemistry, Professor and HOD, Chettinad Hospital and Research Institute and Dr. M.Priyadarssini , MD,DNB , Assistant Professor , Sri venkateswara Medical college and research institute , Pondicherry. The program started with Tamizhthai Vaazhthu. Dr. J.Muthukumaran MD.,Dean ., did the welcome address. Dr. Shenbagalalitha ,Associate Professor and Head in charge , Department of Biochemistry, introduced the speaker . Dr.L.Karpagavel., spoke about the role of Biochemical markers in everyday clinical practice and the next session followed by Dr. M.Priyadarssini shared a online lecture on “ Recent trends in molecular biology” and the importance of Molecular biology in diagnostic uses in the clinical practice. The programme was attended by One hundred Fifty first year Medical Students, Faculties and Post Graduate students. The programme conducted was very successful.

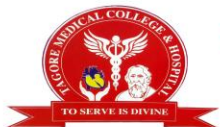

Course completion certificate was given to all the participants and feedback was also obtained from the students.

PROGRAM / EVENT REPORT	
Name of the program	World Blood Donor Day
Date and Time	14/06/2024 & 10.00am – 01.00pm
Venue	Hospital lobby
Target audience	II MBBS Students
Number of Participants	180
Program Organised by	Department of Pathology
Resource person	-
Objective of the Program	1. To create awareness among public regarding blood donation. 2. To encourage students for blood donation.

## Detailed report of the program

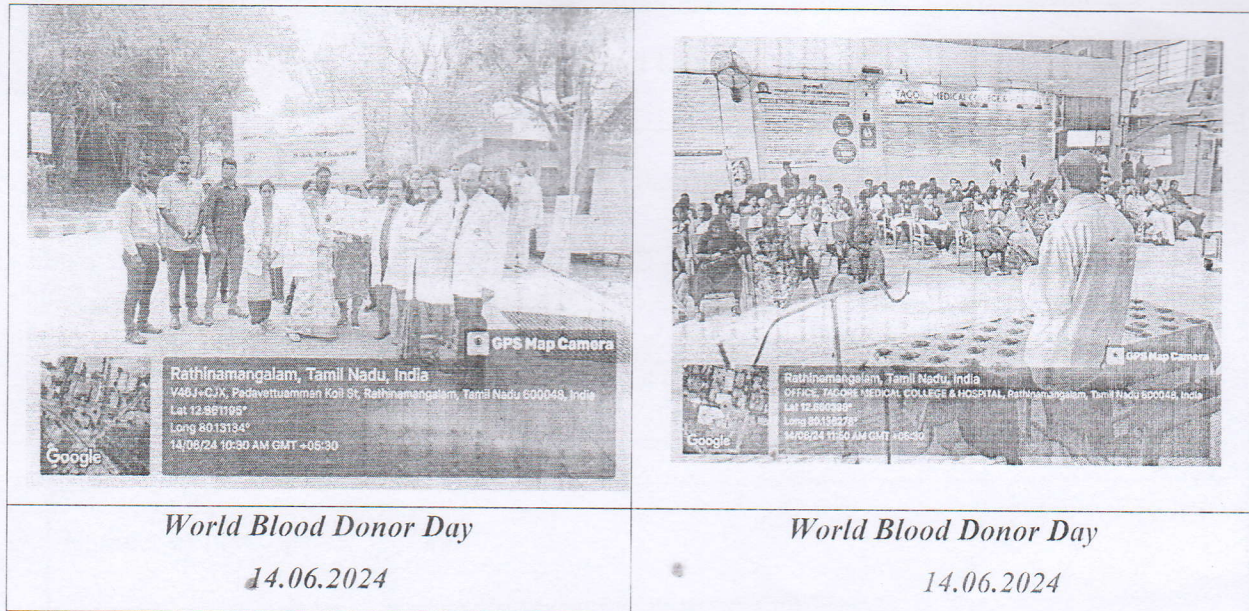

The World Blood Donor Day commemoration began with a public awareness rally led by II MBBS students and the Pathology faculty, along with members of the NSS and YRC. The rally was inaugurated by Dean Dr. J. Muthukumaran, Medical Director Dr. Shanthimalar, and Medical Superintendent Dr. Jayakumar. It commenced at Tagore Engineering College and proceeded to Tagore Medical College and Hospital via Vandalur to Kelambakkam Road from 10 to 11 am on June 14, 2024. Following the rally, II MBBS students performed a skit in the hospital lobby to raise awareness about voluntary blood donation. The day concluded with a voluntary blood donation camp, where over 20 members from TMCH participated.

## Detailed report of the program

The department of Physiology organized a seminar on cell physiology for 1<sup>st</sup> year mbbs student batch of 2023. A first of its kind event organized by the department of physiology for fresher. The event was held on 18.10.2023 under the guidance of Dr.T.K Shidenkumar, Dr Navin Rajaratnam and Dr Joel in lecture Hall one.

This seminar was interactive and informative in a very unique and exquisite way. It helped students' develop communication and teaching skills which are very essential for the medical students. The event was kick started by S. Rohit Kumar who elaborated on the importance of cell physiology and its application in a wider spectrum. Jose Thomas succeeded the event by explaining the structure of cell membrane and its functions. 1<sup>st</sup> year mbbs students' Khavya and Tamil kumar elaborated and discussed with the class about the rest of the endomembrane system, namely the Endoplasmic reticulum and Golgi apparatus. The PowerPoint presentation for the same was attractive and had informative context.

The second part of the seminar was presented by the talented Harshitha Vaithiyam, Nanddana, Danisa, Kavin Raghav and Hiya Khandelwal who spoke and discussed in detail about the Ribosomes, Lysosomes, Peroxisomes, Mitochondria and Cytoskeleton respectively. The end of each presentation included an interactive Q&A session during which questions were asked to the presenters about the topic of interest and vice versa. The seminar concluded with a quiz session headed by the Muruges and subsequent geotag photography by Janani during which the students were asked various questions about the topic covered in the seminar. 1<sup>st</sup> year mbbs student Avantika Prakash gracefully ended the event with a vote of thanks elaborating the hardwork that went into conducting this event seamlessly.

The feedback was taken from students and the presenters. Students stated that the event was informative, interactive and insightful. The presenters were applauded for their use of simple English and clinical aspects in their presentation which proved relevant and useful.

## PROGRAMME REPORT

Name/Title of the program	“CLINICAL ANATOMY OF VENOUS DRAINAGE OF LOWER LIMB”		
Date and Time	10.01.24	8.30 A.M – 10.30 A.M	
Venue	Lecture Hall I, Ground floor, TMCH		
Target audience/Stakeholder	1 <sup>st</sup> Year MBBS Students		
Number of Participants	150		
Program/Event Organized by	Department of Anatomy in Collaboration With Medical Education Unit		
Resource Persons Name and Topic Taken	Name	Designation/Contact Details	Topic Taken
	1. Dr.K.Praveen M.D.,	Assistant Professor, Department of Anatomy, AIIMS,Guhawati	“CLINICAL ANATOMY OF VENOUS DRAINAGE OF LOWER LIMB”
Objective of the Program	These objectives aim to provide first-year MBBS students with a strong foundation in the anatomy and clinical significance of venous drainage in the lower limb, which is essential for their future medical education		
Outcome of the Program	The outcomes are designed to ensure that students have a solid understanding of Comprehensive Understanding of Venous Anatomy, Proficiency in Identifying Major Veins, Understanding of Venous Drainage Pathways, Knowledge of Venous Valves and Recognition of Clinical Significance

## Detailed Report of the Program

The Department of Anatomy, Tagore Medical College and hospital, organized a Guest lecture on “CLINICAL ANATOMY OF VENOUS DRAINAGE OF LOWER LIMB” for the first year MBBS students on 10.01.24. Guest speaker Dr. Dr.K.Praveen M.D, Assistant Professor, AIIMS,Guhawati gave a talk about clinical anatomy of the venous drainage of lower limb. The lecture was concluded by Dr.D.H.Gopalan, Head of Anatomy Department gave an overview of clinical importance of venous system of lower limb to the MBBS students (Batch 2022-2023). The programme came to an end with question and answer session followed by post test and feedback form filling by students.We thank our Chairperson, Secretary, Medical Superintendent and Dean for making this event successful.

### Feedback analysis:

1. It was a very productive session and I hope more sessions are organized in the future.
2. So easy to understand...i learnt the concept while the lecture is taken.
3. Session was really helpful and interactive.The topic was explained with examples and it was interesting to learn.Thank you for conducting this event.
4. Interactive sessions are needed.

## Detailed Report of The Program

The Department of Microbiology at Tagore Medical College & Hospital organized a Continuing Medical Education (CME) event on "World Malaria Day 2024" on April 29th, 2024, at Lecture Hall 3 from 9 am to 1 pm. The objective was to emphasize this year's theme, "Accelerating the fight against Malaria for a more Equitable World." The event was led by Prof. Dr. M. Mala and Mr. G. Manikandan, our esteemed Chairperson and Secretary, respectively.

The inauguration ceremony, graced by Prof. Dr. Muthukumaran, Dean, and Prof. Dr. DH Gopalan, Vice Principal, commenced the program. Prof. Dr. Thenmozhi Valli, Head of the Department of Microbiology, delivered the welcome address and introduced the speakers for the day, Dr. Thyagarajan Ravinder and Dr. S. Chandrasekar.

Prof. Dr. Thenmozhi Valli, Head of Department, Microbiology, Tagore Medical College & Hospital delivered her lecture on Malaria – Accelerating the fight against Malaria for a More Equitable world. Dr. Thyagarajan Ravinder, MD, Professor & Head of the Department of Microbiology at Kilpauk Medical College, Chennai, delivered lecture on the importance of early diagnosis in combating malaria. Subsequently, Dr. S. Chandrasekar, MD, FICP, FIACM, FIMSA, Head of the Department of Medicine at Stanley Medical College & Hospital, Chennai, presented a lecture on the clinical appraisal of malaria maladies.

The lectures provided extensive knowledge to attending students. The speakers were honored by our Head of Department. Additionally, a quiz competition on malaria was held for 2nd-year MBBS students. The preliminary round took place on April 28th,

PROGRAM / EVENT REPORT	
Name of the program	CME on Neck Swellings
Date and Time	03/06/2024 (Monday) 9.30am to 1.30pm
Venue	4 <sup>th</sup> Floor, Hospital Auditorium
Target audience	1) Post Graduates 2) Under Graduates
Number of Participants	171
Program Organised by	Department of General Surgery
Resource person	Dr.K. RajgopalShenoy
Objective of the Program	Continued learning towards neck swelling in terms of case presentations and recent advances and guidelines.

## Detailed report of the program

The program was conducted in the above mentioned venue with the Dean and madam secretary along with the chief guest. The event began with the welcome address and the lighting of the lamp by the dignitaries and the HOD of General Surgery, following the welcome address was the ThamizhthaaiVaazhthu. Next was the case presentation of thyroid swelling done by the final year post graduates which was quite a learning experience. The Chief guest of honor was then invited on stage with his meticulous CV and why he was the one chosen for this particular CME and he explained all the nuances

RATHINAMANGALAM, MELAKOTTAIYUR POST,  
Chennai-600 127.

when it comes to examining a case of neck swelling, touched upon the recent advances in neck swelling and related surgeries, explained about his practices back in his hospital. He also gave some motivation for our undergraduates by addressing them and a boost to our PG by appreciating their involvement. The next event was the Quiz and was conducted to much effect and thought provoking questions was put forth Undergraduates, Interns and Post Graduates alike took active part in the event. The event concluded with the Vote of thanks and the event turned out to be an informative and a good learning experience for everyone.

## Objective of the Program

University & Recognized by the Ministry of Health & Family welfare, Govt. of India New Delhi)  
The workshop aimed to educate about modern contraception methods, their importance, and the role of healthcare professionals in promoting safe and effective contraceptive practices. The session sought to enhance participants' knowledge, address common misconceptions, and discuss strategies for patient counseling in clinical settings.

## Detailed Report of The Program

Beneficiaries: 60

College students: 57

The session commenced with a warm welcome address by the program coordinator, emphasizing the significance of understanding contraception in the healthcare field. Dr. Premalatha delivered an engaging and informative presentation covering various aspects of contraception

### 1. Introduction to Contraception:

- Overview of family planning and its impact on public health.
- Historical evolution of contraception methods.

### 2. Methods of Contraception:

- Detailed explanation of hormonal methods, including oral contraceptives, injectables, and implants.
- Non-hormonal options like intrauterine devices (IUDs), barrier methods, and natural planning techniques.
- Emergency contraception and its appropriate usage.

### 3. Interactive Session:

- Participants raised questions about the effectiveness, side effects, and cultural considerations of different methods. Dr. Premalatha provided evidence-based answers and shared practical advice for counseling patients.

### 4. Case Studies:

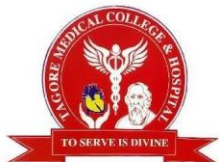

- Real-life scenarios were presented to highlight challenges in contraceptive counseling. Students collaborated to propose solutions and learned from Dr. Premalatha's clinical experiences.

### 5. Open Discussion:

- Participants shared insights and feedback on the session's content and its relevance to

## Detailed Report of the Program

The Department of Anatomy, Tagore Medical College and hospital, organized a Guest lecture on “**Medical Genetics**” for the first year MBBS & BDS students on 10.05.2024. Before the event the students filled the pretest form and the occasion was graced by HOD and faculties of the department. Dr. D.H.Gopalan, Head of Anatomy Department, gave a welcome address and provided an overview of the chromosomal abnormalities and its inheritances. Before starting the session Dr. K. Suba Ananthi guest speaker felicitated 2022 -2023 Student Preethi for securing medal exam winner for Anatomy subject. Dr. K. Suba Ananthi delivered her lecture on basic Structure of chromosomes, pedigree chart, karyotyping & Genetic inheritance to the students about medical genetics. The programme concluded with a post test and feedback from filling by the students. We would like to thank our Chairperson, Secretary, Medical Superintendent and Dean for making this event a success.

### Feedback analysis:

1. It was a very productive session and I hope more sessions are organized in the future.
2. So easy to understand...i learnt the concept while the lecture is taken.
3. Session was really helpful and interactive.The topic was explained with examples and it was interesting to learn.Thank you for conducting this event.
4. Interactive sessions are needed.
5. Breaks in between would have made it easier for concentrating on lecture.

## Detailed report of the program

National Dengue Day ,observed annually on May 16<sup>th</sup> serves as a reminder of the importance of raising awareness and taking preventive measures against dengue fever. As the world grapples with the ongoing challenges posed by this mosquito-borne disease, it is crucial for individuals and communities to take proactive steps to protect themselves and their families, in order to emphasise the awareness of Dengue in the community, Department of Community Medicine organised a role play in our hospital premises. The Dengue Day program introduction was given by Dr. A. Vikram, Associate Professor, Dept of Community Medicine. The program was inaugurated by Dr.J.Muthukumaran, Dean, TMCH, Dr.B. Jayakumar, Medical Superintendent, TMCH and Dr.D. H. Gopalan, Vice Principal. TMCH. The CRMIs posted in department of community medicine staged a roleplay and created awareness about the importance of diagnosing and treating the dengue fever at early stage. After the roleplay, Dr.R.Gayathri, first year post graduate in community medicine, explained the symptoms of dengue fever to the public. She also emphasized the various preventive measures of dengue fever. The session was concluded with a vote of thanks by Dr. M. Ezhilvanan, Associate Professor in Dept of Community Medicine.

Chennai-600 127.

## Detailed report of the program

The lecture was given by Dr. Sidhartha Bharathy, Assistant Professor, Department of Psychiatry, Tagore Medical College and Hospital. The target audience were First year MBBS students of our institution. The program began at around 8.40 AM.

The presentation commenced by emphasizing the critical need to recognize drug dependence, highlighting its escalating prevalence, particularly among adolescents and young adults. It delved into the diagnostic criteria for dependence and harmful use, shedding light on the various categories of substances commonly abused. Moreover, the speaker addressed the multifaceted repercussions of drug dependence, encompassing not only the medical and psychiatric challenges stemming from substance abuse but also the legal consequences. The session concluded by elucidating the wide range of treatment options available to address drug misuse and dependence, emphasizing the importance of tailored interventions and holistic approaches in combating this complex issue.

## Detailed Report of the Program

On 16.02.2024, the Department of Anatomy at Tagore Medical College and Hospital organised a Guest lecture on "Exploring The Fascinating Journey Of Heart Development And Its Deviations" for first-year medical students (2023 - 2024 Dr. Asmita Chandramohan Mbbs, M.D Pediatrics, spoke about the development of the chambers and septum of the heart, as well as congenital defects. The lecture began and ended with filling pre test, post-test and feedback from student. We thank our Chairperson, Secretary, Medical Superintendent , Dean and vice principal for making this event successful.

### Feedback analysis:

1. It was a very productive session and I hope more sessions are organized in the future.
2. So easy to understand...i learnt the concept while the lecture is taken.
3. Session was really helpful and interactive.The topic was explained with examples and it was interesting to learn.Thank you for conducting this event.
4. Interactive sessions are needed.
5. Breaks in between would have made it easier for concentrating on lecture.

## Detailed report of the program

The Physiology Department conducted a seminar on the topic 'Genetic Control of Protein Synthesis, Cell Function and Cell Reproduction' on 19th October 2023. The seminar was organized by a team consisting of four organizers and seven presenters.

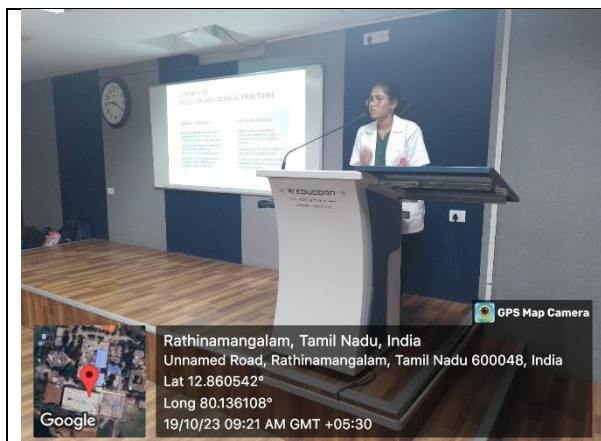

The event commenced with an Introductory speech by Khayva S followed by a presentation and talk on RNA by Nadar Gracee. This was followed by an interactive session on Transcription by Sabari D, succeeded by Aadithya Krishna who talked about Translation. Presentations and talks on Genetic Regulation and Genetic Testing were delivered by Sathyageetha and Mumthaj. The event came to an end with talks on Apoptosis and Cell Cycle by Janani M and Murugesh. Each presenter explained their assigned topic with clarity and eloquence and also took time to clear any doubts posed by the audience. The entire event was seamlessly linked by the efforts of Kavin Raghav, who introduced each presenter and their topic. The event was also recorded by the photography team consisting of Danisha, Khayva S, Kavin Raghav, and Jose Thomas.

The seminar event was then succeeded by a doubt-clearing and question-and-answer session organized by Danisha, where the audience was given the opportunity to clear their doubts and test their understanding of the topics covered. The event concluded with a Vote of Thanks delivered by Jose Thomas.

The event was a valuable and productive session for all involved and facilitated a clear understanding of the topics covered

PROGRAM / EVENT REPORT	
Name of the program	Seminar on “GIT Hormones”
Date and Time	16th march 2024 1:30 pm to 3:15 pm
Venue	Lecture Hall I
Target audience	I MBBS 2022-2023 BATCH
Number of Participants	150
Program Organised by	Department of Physiology
Resource person	-
Objective of the Program	To provide in-depth exploration of the source of GIT hormones, their regulation and functions, To introduce new knowledge and skills and to motivate and inspire the attendees To update the recent advances in the GIT hormone actions

## Detailed report of the program

The Physiology Department conducted a seminar on the topic '**GIT Hormones**' on 16<sup>th</sup> March, 2024. The programme commenced with an introductory speech by Jeyavardhini. It was then followed by a presentation on the hormone Gastrin by Tharun P. Talk on the hormone Cholecystokinin was delivered by Yashwanth V, with captivating animations. This was followed by a session on the hormone Secretin by Yashwin P, succeeded by Sidhardhan A, who talked about VIP (Vasoactive Intestinal Peptide) hormone. Presentations on the hormones Glucagon and Motilin were delivered respectively by Shrinithi V and Aishwarya Krishna. Ronikanth P talked about GIP (Gastric Inhibitory Polypeptide) in a brief manner. This was followed by a speech on GRP (Gastrin Releasing Peptide) by Aishwarya M, succeeded by a talk on Somatostatin by Ishwarya S. The presentation through chalk on board method, on the hormone Ghrelin by Shrithi Vyas was an impressive one. The event came to an end with a talk on the hormone Peptide YY by Tiana Jaishith. Each presenter explained their topic in a brief and satisfactory manner with clarity.

The entire event was seamlessly linked by the efforts of Jeyavardhini, who introduced each presenter and their topic. The seminar was recorded by the photography team consisting of Deepak and KavinRaghav. The event concluded with a Vote of thanks delivered by Avanthika. Two of our classmates took an opportunity to appreciate the efforts of the presenters. The faculties clarified doubts from the students and active interaction with students and faculties has been conducted.

The seminar was a beneficial and productive session for all of us and facilitated a perspicuous understanding of the topics delivered. Feedback was collected from the presenters and participants and analysis was done.

PROGRAM / EVENT REPORT	
Name of the program	Guest lecture – Changing trends in transfusion medicine
Date and Time	13/06/2024 & 10.00am – 11.00am
Venue	Lecture hall – 3
Target audience	II MBBS Students
Number of Participants	182
Program Organised by	Department of Pathology
Resource person	Dr. Deepthi Krishna M.D.,
Objective of the Program	1.To create awareness on transfusion medicine among the students. 2. To enhance the understanding of transfusion medicine

## Detailed report of the program

Guest Lecture on “Changing trends in transfusion medicine” was conducted on 13.06.2024 at Lecture hall 3. The Guest Lecture started at around 10:00 AM with the inaugural function. Welcome address was given by Dr.C.P.Luck, Head of the Department of Pathology. Dean of the Institution, Dr.J.Muthukumaran, Medical Director Dr. Shanthimalar, Vice Principal Dr. D.H. Gopalan and HOD's & faculties of various departments attended the lecture. The Resource person Dr. Deepthi Krishna G delivered an excellent lecture on the concepts of transfusion medicine. The event concluded with vote of thanks by Dr. B.S.Sangeetha.

RATHINAMANGALAM, MELAKOTTAIVUR POST,  
Chennai-600 127.

VISION  
To be a global leader among  
Medical Institution by providing  
exemplary Medical Education, higher  
training, safe patient care, quality  
research and innovations through  
community collaboration.

three Cardinal Principles:  
Ethical Practice and Compassion  
To provide an affordable and quality healthcare delivery by  
means of Updated Technology of International Standards and  
to Innovate by providing Collaborative Research Environment

PROGRAM/EVENTREPORT	
Name of the program	“INSPIRE- CME & WORKSHOP ON MECHANICAL VENTILATION”
Date and Time	30.07.2024
Venue	09.00AM – 05.00PM
Target audience	4th Floor Auditorium, Tagore medical college and hospital.
Number of Participants	100 participants
Program Organized by	Dr. Vinodh mani, Asso. Prof. Dr. Bastina Jenoffia, Ass. Prof. Dr. Pearl Robertuba, Ass. Prof. Department of Anaesthesiology, TMCH
Resource person	Dr. Shankar Anand, DNB Anaesthesia Dr. Badrinarayanan, MD Anaesthesia Dr. Sivakumar, MD Anaesthesia
Objective of the Program	To understand the basic principles of mechanical ventilation. To educate on various modes of ventilation and its time of usage and implications on patients. To understand lung mechanics and ventilation.

## DETAILED REPORT:

The Registration was started by 09.00 am and the program was started around 9.30 am with assembling of faculties and Post graduates and CRMI Pre test was conducted for the students to assess their existing knowledge on the topic, since the test were to be conducted online, all the participants were instructed to bring their mobile phones.

At 9.30 am, Inauguration was commenced with the TAMIL THAI VALTHU followed by a WELCOME ADDRESS by Dr. BASTINA JENOFFIA, ASSISTANT PROFESSOR, Department of Anaesthesiology,

(Affiliated to the Tamil Nadu Dr.MGR Medical University & Recognized by the Ministry of Health & Family welfare. Govt. of India New Delhi)  
TMCH.

Then the dignitaries lightened the Kuthuvillaku followed by the INAUGRAL ADDRESS by Dr.SHANTHIMALAR, MEDICAL DIRECTOR AND HOD ANAESTHESIOLOGY, TMCH.

The first session started around 10.00 am. Dr.SHANKAR ANAND explained about Science behind mechanical ventilation and basic modes of ventilators which was thoroughly enjoyed and appreciated by the students and faculties.

A break of 10 mins was given to the students, Light snacks were provided to all the students.

In the second session, detailed discussion about advanced modes of ventilators, monitoring and ventilator graphics, trouble shooting and weaning were discussed by Dr.BADRINARAYANAN .

In the third session, Dr. SIVAKUMAR, explained about Prone ventilation and lung protective ventilation strategies. The session was entertaining and was enjoyed by the faculties and students.

After Lunch break of 1 hour, the afternoon session started with hands on training on mechanical ventilators the setups and all modes were demonstrated.

Then after the Question and answer session clearing all the doubts of the student, Post test was conducted to assess their knowledge after the session and its Reflections were noted by the faculties.

Subsequently, post test was conducted with the same questionnaire as pre-test to evaluate the knowledge gained by the participants after the session.

The feedbacks were collected from the students for the better insight of the session.

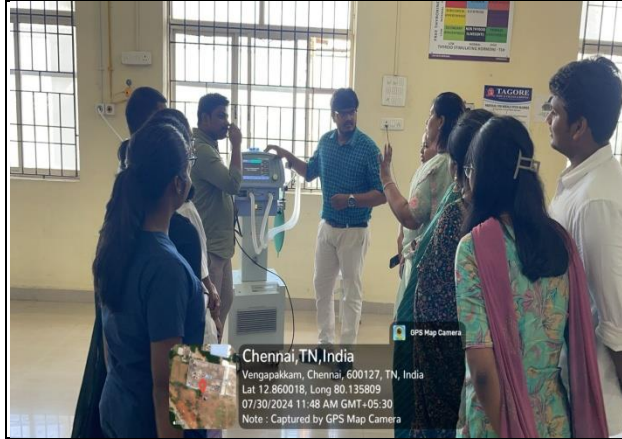

Session ended with Vote of thanks by Dr.VINOTH MANI, Later the certificates were issued for all those who participated.

The certificates were issued to all the participants at the end of the session.

## Detailed report of the program

The World Leprosy Day 2024 awareness program was organized by the Department of Community Medicine, TMCH in the patients waiting hall. Welcome address was given by Dr.C.Sivagurunathan, Professor, Department of Community Medicine. He gave a brief introduction about World Leprosy Day and it's theme for 2024 'Beat Leprosy'. The program was headed by Dr.J.MuthukumaranM.S ,Mch, Dean, TMCH who talked about the various myths related to leprosy. The Medical Superintendent of TMCH, Dr.B. Jayakumar provided the details of the diagnostic and treatment facilities available for Leprosy in the institution to the audience. Dr. Ramesh Hariharaiyer, Professor and HOD, Department of Community Medicine, shared a short story on stigma associated with leprosy to the audience. The Post graduates and CMRIs of the department of Community Medicine staged a role play to create awareness about symptoms and signs of Leprosy. Following the role play, Dr. A. Vikram, Assistant Professor in the Department of Community Medicine, summarized the role play and clarified the leprosy related doubts of the audience. The details of available treatment and government schemes related to Leprosy was shared with the audience by Dr.Aarthi, Final year Post graduate in Department of Community Medicine. Vote of thanks was delivered by Dr.Divya, Senior Resident, Depart of Community Medicine.

## Detailed Report of the Program

The Department of Anatomy, Tagore Medical College and hospital, organized a NATIONAL CONFERENCE - MEDIRESCON 2024 with EXPLORA VISION CONTEST on 05.04.2024. The Inauguration ceremony started Dr.D.H.Gopalan,Vice-Principal, Professor &Head of Anatomy Department, gave a warm welcome address to the august gathering. The inauguration ended with a Video on the Journey of the MEDIRESCON 2024. Our first speaker, Dr. Lavanya Prathap, elaborated on the Why and how to approach research in medical field. Our second speaker, Prof. Dr. R. Dhananjayan emphasized the Career pathways in research for under graduate medical Students.All Student projects were showcased to the judges, followed by that the winner of the star event - Explora Vision was awarded with 3 cash prizes and honoured with certificate of appreciation

We extend our heartfelt gratitude to our Chairperson & Secretary – Tagore Educational trust, Dean & Medical Superintendent – Tagore Medical College & Hospital, for their kind support and guidance in making this event a grand success. We also thank other department HOD's, faculties, Judges & students who graced the occasion

### Feedback analysis:

1. It was a very productive session and I hope more sessions are organized in the future.
2. So easy to understand...i learnt the concept while the lecture is taken.

  
DEAN  
TAGORE MEDICAL COLLEGE & HOSPITAL  
RATHINAMANGALAM, MELAKOTTAIYUR POST,  
Chennai-600 127.

(Affiliated to the Tamil Nadu Dr.MGR Medical University & Recognized by the Ministry of Health & Family welfare. Govt. of India New Delhi)

3. Session was really helpful and interactive. The topic was explained with examples and it was interesting to learn. Thank you for conducting this event.
4. Interactive sessions are needed.
5. Breaks in between would have made it easier for concentrating on lecture.

## Detailed Report of The Program

The online webinar titled "Introduction to Molecular Docking for UG and PG Students" aimed to provide foundational knowledge and practical insights into the field of molecular docking. Targeted at undergraduate (UG) and postgraduate (PG) students in biological sciences, chemistry, and related disciplines, the webinar served as an educational platform to introduce the concepts, applications, and significance of molecular docking in contemporary research and drug discovery.

### Agenda:

- 1. Introduction to Molecular Docking:**
  - Definition and basic principles
  - Importance in drug discovery and molecular biology
- 2. Methods and Techniques:**
  - Different types of molecular docking approaches
  - Software tools commonly used
- 3. Practical Demonstration:**
  - Live demonstration of molecular docking software
  - Step-by-step guidance on setting up docking simulations
- 4. Q&A Session:**
  - Addressing participant queries on theoretical and practical aspects
  - Discussions on career opportunities and further learning resources

### Key Highlights:

- **Interactive Learning:** The webinar encouraged active participation through interactive Q&A sessions, ensuring engagement among participants.
- **Expert Insights:** The speaker Dr.I.Kannan from Department of Microbiology shared their expertise, offering real-world perspectives and insights into the challenges and advancements in molecular docking.
- **Hands-on Experience:** The practical demonstration of molecular docking software allowed participants to gain firsthand experience in using tools essential for molecular docking studies.

**Feedback and Response:** Feedback from participants indicated a high level of satisfaction with the webinar's content, organization, and delivery. Many expressed appreciation for the clarity of explanations, relevance of topics covered, and the practical insights gained. Suggestions for future webinars included more advanced topics and longer Q&A sessions.

  
DEAN

(Affiliated to the Tamil Nadu Dr.MGR Medical University & Recognized by the Ministry of Health & Family welfare. Govt. of India New Delhi)

**Conclusion:** The "Introduction to Molecular Docking for UG and PG Students" webinar successfully fulfilled its objective of introducing students to the fundamental concepts and practical applications of molecular docking. It provided a valuable learning experience and equipped participants with essential knowledge and skills relevant to their academic and professional journeys in molecular sciences.

**Future Directions:** To build upon the success of this webinar, future sessions could delve deeper into advanced topics such as scoring functions, protein preparation techniques, and pharmacophore-based docking methods. Additionally, organizing workshops or hackathons focused on hands-on application of molecular docking software could further enhance participant skills and understanding.

Overall, the webinar served as a catalyst for inspiring the next generation of scientists and researchers in the field of molecular docking and computational drug discovery.

## Detailed report of the program

The workshop started with registration at around 9.30 am. The program began at 10.00 am. In the insightful narration by Dr. Victor Rakesh Lazar, Ph.D., Magnetic Resonance Imaging (MRI) has revolutionized the field of medical diagnostics. It provides detailed images of internal body structures without the use of harmful radiation. However, there are certain risks associated with this technology that need to be addressed. One of the main concerns is the presence of ferromagnetic objects in the scanning room which can become projectiles when exposed to the strong magnetic field generated by the MRI machine. Therefore, it is crucial to ensure that all patients and staff entering the scanning room are thoroughly screened for any metallic implants or devices that could pose a risk. Additionally, proper training and education regarding MRI safety protocols are vital for all healthcare personnel involved in operating these machines. They must understand how to handle emergencies such as quenching (sudden loss of cryogenic coolant), which can cause serious injury if not managed correctly. In conclusion, while MRI technology offers numerous benefits in medical imaging, it is crucial to prioritize safety measures.

Objective of the Program	To provide in depth knowledge and practical experience on ADR reporting and form filling
--------------------------	--

## Detailed report of the program

The program began at 9.30 am. Dr.K.Punnagai started the programme with welcome address and facilitated the dignitaries. Then she went on and talked about the importance of pharmacovigilance week and role of medical, para medical and patient's role in ADR reporting. Honourable dean Dr.J. Muthukumaran talked about filling out the ADR forms and handed over pamphlets to the observers. Second Year MBBS students performed skit performances to reiterate the importance of ADR reporting. The dignitaries distributed prizes for the skit programme participants. And the programme ended with vote of thanks.

# PHARMFIESTA-2024

## PROGRAM REPORT

Date: 23.7.2024

Venue: Lecture Hall- II, Tagore Medical College and Hospital

Organized by: Department of Pharmacology, TMCH

Pharmfiesta-2024, a flagship event in the field of pharmacology, was held with great enthusiasm and success. The program featured a variety of engaging activities including an intercollegiate quiz competition and insightful guest lectures. The event attracted a diverse audience, including students, postgraduates, and faculty members, and was also broadcasted online, broadening its reach.

The inauguration of Pharmfiesta-2024 was graced by esteemed dignitaries: Dean Dr. Muthukumaran, Director Dr. Shanthimalar, Medical Superintendent Dr. Jayakumar, Vice Principal Dr. Gopalan and Special Officer Dr. Thirunarayanan. Each of these leaders extended their warm wishes for the grand success of the program and highlighted the importance of such events in fostering academic and professional growth.

### Intercollegiate Quiz Competition

The quiz competition was a major highlight of the event. The preliminary round saw participation from 80 teams representing various medical colleges across Tamil Nadu and other states. The competition was intense and showcased the depth of knowledge and enthusiasm among the participants.

Preliminary round was conducted with multiple-choice and scenario-based questions. The top 5 teams from the preliminary round advanced to the final round. The final round was a battle of wits, with teams demonstrating exceptional knowledge and quick thinking.

### Winners of the Final Round

1. First Place: JIPMER- Awarded Rs.9000, Gold Medal, and Certificate.
2. Second Place: Madras Medical College- Awarded Rs. 6000, Silver Medal, and Certificate.
3. Third Place: Madras Medical College- Awarded Rs. 3000, Bronze Medal, and Certificate.

  
DEAN  
TAGORE MEDICAL COLLEGE & HOSPITAL  
RATHINAMANGALAM, MELAKOTTAIYUR POST,  
Chennai-600 127.

## **Guest Lectures**

The event featured two distinguished guest lectures by eminent NEET faculty:

1. Dr. Thirunavukkarasu, Professor and Head, Department of Pharmacology, Saveetha Medical College, delivered a lecture on "Journey of Magic Bullets," exploring the historical and contemporary advancements in pharmaceutical interventions.
2. Dr. Nilesh Raj, Associate Professor, Department of Pharmacology, Arunai medical college, Thiruvannamalai, presented on "Harmony of Hormones," discussing the complex interactions and balance of hormones in the human body.

These lectures were well-received and provided valuable insights into critical areas of medical science and pharmacology.

In a bid to make the event accessible to a wider audience, Pharmfiesta-2024 was broadcasted online. The online coverage allowed remote participants and interested individuals to follow the proceedings live, contributing to the event's success and reach. Pharmfiesta-2024 was attended by over 400 participants, including: MBBS Students, MD Postgraduates and faculty members. The diverse attendance underscored the event's significance in the academic calendar and its role in bringing together various stakeholders in the field of medicine and pharmacy.

A bookstall was put up by CBS publishers and distributors. Various textbooks and books on entrance exam preparation were displayed and was one of the attractions of the event.

## **Rangoli and Short Film Competition**

As part of Pharmfiesta-2024, a series of cultural and creative co-curricular competitions were held to showcase the artistic talents of the students. The Rangoli and Short Film competitions were among the highlights, providing an opportunity for students of TMCH to demonstrate their creativity and teamwork.

### **Rangoli Competition**

The Rangoli competition was an engaging and colorful event that attracted considerable participation from the students of Tagore Medical College and hospital. Total of 9 teams participated. The theme was "Colorful cure: Rangoli art for adverse drug reaction awareness to healthcare professionals". The Rangoli creations were judged by a panel of esteemed faculty members from other departments, ensuring a fair and diverse evaluation. The criteria for judging included creativity, use of colors, design intricacy, and overall presentation.

  
DEAN  
TAGORE MEDICAL COLLEGE & HOSPITAL  
RATHINAMANGALAM, MELAKOTTAIYUR POST,  
Chennai-600 127.

The top 3 teams were awarded for their exceptional Rangoli designs:

1. First Place: Shruthika, Padmashree, Naveena, Srinidhi and Viji - Awarded Gold Medal and Certificate.
2. Second Place: Nivedhitha, Nikitha, Shobika, Vidhya and Monika- Awarded Silver Medal and Certificate.
3. Third Place: Mathangi, Harshavardhini, Sheriffa, Karthika and Vipanchy - Awarded Bronze Medal and Certificate.

### **Short Film Competition**

The Short Film competition provided a platform for students to explore and present their communication abilities through film. Total of 6 teams participated. The theme was “Screen speak: Mastering doctor- patient communication through short films”. The short films were evaluated by a distinguished panel of judges, comprising faculty members from various departments. The judging criteria focused on originality, content, direction, and overall impact of the short films.

The top 3 short films were recognized for their excellence in filmmaking:

1. First Place: Shruthika SK, Naveena, Padmashree, Sreenidhi, Monica, Vijayalakshmi, Shobika - Awarded Gold Medal and Certificate.
2. Second Place: Suriya Kumar, Sasikumar, Venkat, Prassenna, Balaharish, Shruthika R- Awarded Silver Medal and Certificate.
3. Third Place: Kowshik, Kabilan, Prajith, Kamalesh, Hariharan- Awarded Bronze Medal and Certificate.

Best actor award: Sasikumar

Best actress award: Shruthika SK

The Rangoli and Short Film competitions at Pharmfiesta-2024 provided a vibrant and creative platform for students to express their talents. The participation and enthusiasm displayed by the students were commendable, and the quality of the entries reflected the high level of creativity and skill among the participants.

The feedback for Pharmfiesta highlighted several strengths, including the effective use of case studies and strong organizational execution. However, technical issues and time management

  
DEAN  
TAGORE MEDICAL COLLEGE & HOSPITAL  
RATHINAMANGALAM, MELAKOTTAIYUR POST,  
Chennai-600 127.

challenges were noted as areas for improvement. Incorporating suggested topics such as AI in pharmacology and drug interactions could enhance the relevance and appeal of future events.

On the whole, Pharmfiesta-2024 was a resounding success, marked by lively participation, insightful lectures, and a competitive quiz event. The engagement and enthusiasm from participants, combined with the support from esteemed dignitaries and speakers, ensured the event's success. We look forward to continuing this tradition in future editions and further advancing academic and professional development in the field.

## **CME ON PHARMFIESTA 2024-23/07/2024**

### INTERCOLLEGIATE QUIZ

Winners will be awarded with exciting cash prizes and medals

**INSTRUCTIONS:**

- Each team must consist of 3 participants
- Registration is mandatory for all 3 participants for the CME
- There is no limit to the number of teams from a college
- Quiz syllabus includes all topics in pharmacology expect antimicrobial chemotherapy and Endocrine pharmacology
- The Quiz will be conducted only in offline mode
- A preliminary round will be conducted for teams, and based on the preliminary test, the best 5 teams will be selected for the final round.

**REGISTRATION DETAILS**

Participants are requested to fill out the registration form at the link provided below, after completing the online transfer of the registration fee.

**REGISTRATION FEE:**

₹ 600/- (OFFLINE CME)  
₹ 300/- (ONLINE CME)

**LAST DATE OF REGISTRATION**  
JULY 15, 2024

	Dr. JENSON.I.	M.B.B.S, M.S, ORTHO	DAMAGE CONTROL ORTHOPAEDICS
Objective of the Program	To provide in depth knowledge and practical experience in damage control orthopaedics.		

## Detailed report of the program

The seminar on "Damage Control Orthopaedics for Undergraduate Students" was conducted at Tagore Medical College and Hospital, providing a comprehensive exploration of essential principles and practices in the management of orthopaedic injuries during emergency situations. Tailored for undergraduate students pursuing medical education, the seminar underscored the significance of prompt and effective interventions to mitigate long-term damage and enhance patient outcomes.

Within the context of Tagore Medical College and Hospital, the seminar delved into fundamental orthopaedic concepts, emphasizing trauma cases where swift attention was paramount. Attendees were immersed in the principles of damage control orthopaedics, emphasizing the initial stabilization of patients before addressing complex fractures and injuries in a staged manner. The program highlighted the systematic approach to trauma care, covering patient assessment, diagnostic techniques, and decision-making processes.

The seminar covered key topics such as the identification and management of fractures, dislocations, and soft tissue injuries. Practical skills, including the use of orthopaedic devices and techniques for fracture stabilization, were demonstrated to empower students with hands-on experience applicable in emergency scenarios. Emphasis was placed on integrating damage control orthopaedics into broader trauma care strategies, stressing the importance of interdisciplinary collaboration and effective communication.

PROGRAM / EVENT REPORT	
Name of the program	“Stethoscope Ceremony 2023”
Date and Time	02.11.2023 8.30 am -10.30 am
Venue	Lecture Hall –I
Target audience	I MBBS 2023-2024 BATCH
Number of Participants	150 Students
Program Organised by	Department of Physiology
Resource person	-
Objective of the Program	To emphasize the importance of the stethoscope not just a medical instrument but also a symbol of responsibility and value inherent in the medical profession.

  
DEAN  
TAGORE MEDICAL COLLEGE & HOSPITAL  
RATHINAMANGALAM, MELAKOTTAIYUR POST,  
Chennai-600 127.

## Detailed report of the program

The Department of Physiology organised a **Stethoscope Ceremony 2023 for I MBBS students' batch of 2023-2024**, a first-of-its-kind event being started in the year 2022. In continuing with that the current ceremony was organized and the event was held on **02.11.2023**.

This ceremony is a symbolic and memorable step forward in the MBBS program, impressing on students that medical professional life starts as soon as they begin their medical studies and they are bound by the same professional commitments that bind other doctors.

The event began with the 'Thamizh Thaaivaazhthu'. Dr Subamalani, MSc, PhD, Associate Professor, welcomed the gathering. The felicitations followed and then the Dean, Prof Dr Muthukumaran, MS, MCh gave the inaugural address. Prof. Dr. Jayakumar, MS, Medical Superintendent and Prof. Dr. D. H. Gopalan, MS, PhD, ACME, Vice Principal of TMCH shared their experiences as medico.

Followed by this Professor and Head of department of Physiology Prof. Dr. Navin Rajaratnam, MD, M.Phil gave a speech about the importance of stethoscope in medical profession then Students were then invested with their stethoscopes by the dignitaries. This was followed by HOD, dept of Physiology administering the oath of a budding doctor

Dr Shiden Kumar TK, MBBS, Tutor gave a report on the Pre -event competition like essay writing, short story, poetry writing Memes creation and declared the winners. Then Certificates and prizes were distributed.

The event ended with the vote of thanks by Dr Joel Moses, MBBS, and the National anthem

## Detailed report of the program

The program was conducted in the above mentioned venue with the Dean and madam secretary along with the chief guest. The event began with the welcome address and the lighting of the lamp by the dignitaries and the HOD of General Medicine, following the welcome address was the Thamizhthaaivaazhthu. Next was the case scenario of DCLD done by the final year post graduates which was quite a learning experience.

The Chief guest of honor was then invited on stage with his meticulous CV and why he was the one chosen for this particular CME and he explained all the nuances when it comes to awareness of Viral Hepatitis and also gave an excellent speech in prevention and Vaccines. He also gave some motivation for our undergraduates by addressing them and a boost to our PG by appreciating their involvement.

The next event was the Prize Distribution for Quiz competition by the chief guest and HOD of General Medicine. Undergraduates, Interns and Post Graduates alike took active part in the event. The event concluded with the Vote of thanks and the event turned out to be an informative and a good learning experience for everyone.

## Detailed report of the program

The Department of Respiratory Medicine organized a workshop commemorating World TB Day 2024 at the Hospital Auditorium, 4th floor, on March 28, 2024, from 10:00 am to 1:00 pm. This interactive session targeted undergraduates, aiming to deepen their understanding of tuberculosis and its management. With 183 eager participants in attendance, the workshop promised to be a fruitful endeavor. Dr. Sathish Kumar, an esteemed resource person in the field, led the workshop, guiding participants through various aspects of drug-resistant TB. The objectives were clear: to familiarize attendees with the definitions of different forms of drug-resistant TB, educate them about the drugs used for its treatment, enlighten them about the potential side effects of Anti-Tuberculosis Treatment (ATT), and elucidate the AFB staining technique for the detection of Mycobacterium tuberculosis. The workshop featured multiple stations, each led by knowledgeable individuals from the Department of Respiratory Medicine. Dr. Sangeetha P, Dr. Hidhayathullah Niyaz E A, Dr. N.K Vignesh and Dr. V.B Mahesh spearheaded these stations, offering hands-on demonstrations and insightful discussions. Participants rotated through each station, engaging in interactive sessions and gaining practical insights into the diagnosis and management of drug-resistant TB. The workshop fostered an environment conducive to learning, encouraging active participation and dialogue among attendees. As the workshop drew to a close, participants departed with enriched knowledge and a deeper understanding of drug-resistant TB. The event stood as a testament to the commitment of the Department of Respiratory Medicine in equipping the next generation of healthcare professionals with the skills and expertise necessary to combat tuberculosis effectively.
