Detailed Report of the Program

The session began with a lamp-lighting ceremony, a message from the dean, professor Dr. J. Muthukumaran, and an overview on bioinformatics and welcome address was given by professor Dr. D.H. Gopalan, Vice Principal Professor and Head of the department, Anatomy. **The Workshop on Advancing Medical Education through Digital Innovation and Technology** successfully brought together educators, healthcare professionals, and technology experts to explore the transformative role of digital tools in medical education. The workshop featured keynote addresses, interactive sessions, and panel discussions, focusing on emerging technologies like virtual simulations, AI-driven learning, and digital platforms to enhance teaching effectiveness and student engagement. Participants gained practical insights and actionable strategies for integrating technology into medical curricula, fostering collaboration and innovation. The event received positive feedback, emphasizing its relevance in addressing challenges and promoting sustainable advancements in medical education. After the post-test and feedback session, the workshop was over. We thank our chairperson, secretary, medical superintendent and dean for making this event successful.

Feedback analysis:

1. The workshop was relevant to my needs
2. Faculty interaction was encouraged
3. venue and audiovisual aids were adequate and comfortable.
4. Good session
5. The workshop was helpful

CIRCULAR

Subject: Invitation to Participate in the 3-Day Workshop on "Advancing Medical Education through Digital Innovation and Technology"

The Medical Education Unit is pleased to announce a 3-day workshop titled "Advancing Medical Education through Digital Innovation and Technology" to be held on November 22, 23, and 24, 2023. This workshop aims to explore the role of digital tools and innovative technologies in transforming medical education, with a focus on enhancing both teaching and learning experiences.

Workshop Details:

- **Title:** Advancing Medical Education through Digital Innovation and Technology
- **Dates:** November 22.11.23, 23.11.23, 24.11.23
- **Venue:** Medical Education Unit
- **Number of Participants:** 40

The workshop will cover a wide range of topics, including:

- Integrating Virtual Reality (VR) and Augmented Reality (AR) in Medical Training
- Mobile Learning Tools and Applications for Medical Students
- Artificial Intelligence (AI) in Medical Education
- Simulations and Serious Games in Medical Training
- Telemedicine in Medical Education
- Collaborative Learning Through Online Platforms
- Data Analytics in Tracking Medical Student Performance

(Affiliated to the Tamil Nadu Dr.MGR Medical University & Recognized by the Ministry of Health & Family welfare. Govt. of India New Delhi)

Target Audience:

Faculty members from various departments are invited to participate.

Objectives:

- To familiarize faculty with the latest digital tools and technologies in medical education.
- To discuss best practices for integrating digital tools into medical curricula.
- To enhance the understanding of the future of medical education in a digital world.

We look forward to your active participation in making this workshop a success.

4	Dr.RamyaRavichandar,M D	Associate Professor Department of Pharmacology	Designing Case-Based E-Learning Scenarios
Objective of the Program	To empower educators and learners by developing high-quality,accessible,and engaging e-content that enhances teaching and learning experiences. The program aims to equip participants with the knowledge and skills to design, develop, and implement interactive digital learning materials and platforms, fostering an innovative, inclusive, and technology-driven educational environment.		
Outcome of the Program	Participants will enable participants to design and develop high-quality digital learning materials, integrate innovative e-learning tools into teaching, and enhance digital competency for effective, inclusive, and learner-centric education.

DETAILED REPORT OF THE PROGRAM

The session began with a lamp-lighting ceremony, a message from the Dean, professor Dr. J. Muthukumaran, and an overview and welcome address was given by professor Dr. D.H. Gopalan, Vice Principal Professor and Head of the department ,Anatomy. The E-Content and E-Learning Development Programme was successfully conducted to equip participants with the necessary skills to design, develop, and implement high-quality digital learning materials. The training focused on enhancing participants' proficiency in e-content creation tools, interactive learning platforms, and innovative teaching methodologies. Through a series of hands-on sessions, participants gained practical knowledge in developing accessible, engaging, and learner-centric e-content. The programme emphasized the importance of technology-driven education to promote flexible, inclusive, and efficient learning environments. By the end of the training, participants demonstrated improved digital competencies and readiness to integrate e-learning solutions into their educational practices, ensuring a transformative shift toward modern teaching and learning approaches. We thank our chairperson, secretary, medical superintendent and dean for making this event successful.

Feedback analysis:

1. The programme was relevant to my needs
2. Faculty interaction was encouraged
3. Venue and audiovisual aids were adequate and comfortable.
4. Good session
5. The programme was helpful

CIRCULAR

Sub:E-CONTENT AND E-LEARNING DEVELOPMENT PROGRAMME

The Medical Education Unit is pleased to announce the "E-CONTENT AND E-LEARNING DEVELOPMENT PROGRAMME" designed to enhance the digital teaching skills of faculty members.

Details of the Program:

- **Name/Title:** E-CONTENT AND E-LEARNING DEVELOPMENT PROGRAMME
- **Date:** 08.08.2023 & 09.08.2023
- **Time:** 08:30 A.M. – 5:00 P.M.
- **Venue:** Medical Education Unit
- **Target Audience/Stakeholder:** Faculty Members
- **Number of Participants:** 50

This program aims to equip participants with essential skills and knowledge to create engaging and effective e-content and facilitate e-learning.

Faculty members are encouraged to participate and make the most of this opportunity to enrich their teaching methodologies.

For further information or registration, please contact the Medical Education Unit.

PROGRAMME SCHEDULE

(8.08.23 & 09.08.23)

Time	Topic	Resource Faculty (Department)
09:00 AM - 09:30 AM	Inauguration and Welcome Address	Dr. T.Prem sai, MS Assistant Professor Department of Ophthalmology
09:30 AM - 10:30 AM	Keynote: Importance of E-Content in Medical Education	Dr. C.Sivagurunathan, MD Professor Department of Community Medicine
10:30 AM - 11:00 AM	Tea Break	
11:00 AM - 12:30 PM	Tools for Creating E-Learning Modules	Dr. Navin Rajaratnam, MD, M.Phil Professor & HOD Department of Physiology
12:30 PM - 01:30 PM	Lunch Break	
01:30 PM - 03:00 PM	Interactive Content for Anatomy and Histology	Dr. D.H.Gopalan, MS Professor & HOD Department of Anatomy
03:00 PM - 03:15 PM	Tea Break	
03:15 PM - 04:30 PM	Designing Case-Based E-Learning Scenarios	Dr. Ramya Ravichandar, MD Associate Professor Department of Pharmacology
04:30 PM - 05:00 PM	Panel Discussion: Challenges in E- Content Development	Multidisciplinary Panel
05:00 PM - 05:30 PM	Valedictory and Certificate Distribution	Organizing Committee

Registration details:

- Free registration
- Kindly register with DR.PREMSAI, member secretary
- to book your slot
- E- certificates will be provided

Kindly find the attached schedule of the 3- day workshop for your reference.

Detailed Report of the Program

The session began with a lamp-lighting ceremony, a message from the Dean, professor Dr. J. Muthukumaran, and an overview and welcome address was given by professor Dr. D.H. Gopalan, Vice Principal Professor and Head of the department ,Anatomy. The Learning Management System (LMS) Programme was successfully conducted to empower educators, administrators, and learners with the knowledge and skills to effectively utilize LMS platforms. The training covered key aspects such as course creation, user management, content delivery, assessment tools, and analytics. Participants gained hands-on experience in leveraging LMS features to streamline administrative tasks, enhance learner engagement, and foster collaboration. The programme emphasized the integration of multimedia, accessibility, and inclusive learning practices to meet diverse user needs. Feedback from participants highlighted the practical value and applicability of the sessions, with many expressing confidence in implementing LMS tools to achieve educational and organizational goals. We thank our chairperson, secretary, medical superintendent and dean for making this event successful.

Feedback analysis:

1. The programme was relevant to my needs
2. Faculty interaction was encouraged
3. Venue and audiovisual aids were adequate and comfortable.
4. Good session
5. The programme was helpful

Date: 20/01/24

CIRCULAR

Sub: "Learning Management System" Training Program

The Medical Education Unit is pleased to announce a training program on the "Learning Management System", designed to familiarize faculty members with effective use of digital platforms for teaching and learning.

Details of the Program:

- Title: Learning Management System
- Dates: 5th, 6th, and 7th February 2024
- Time: 10:00 A.M. – 1:00 P.M.
- Venue: Medical Education Unit
- Target Audience: Faculty Members
- Number of Participants: 20

This program will cover the key features and functionalities of Learning Management Systems, helping faculty integrate these tools into their teaching strategies effectively.

Faculty members are encouraged to attend and utilize this opportunity to enhance their digital teaching capabilities.

For registration or further details, please contact the Medical Education Unit.

Detailed report of the program

Faculty Development Program was organized by the Department of Community Medicine in association with MEU in the 4th Floor Auditorium, Hospital Block from 10.00AM to 12.30PM on the topic of STATISTICAL ANALYSIS USING “R” PROGRAMMING on 09.07.2023.

The event was inaugurated by the respected Dean Dr.J.Muthukumaran,M.S,MCh, and felicitated by Medical Superintendent Dr.BJayakumar.MS.,

The statistical analysis using “R” programming introduced the fundamentals of quantitative & qualitative research, such as various data exploration methods, Hypothesis testing, Regression analysis, Data analyzing techniques, including thematic & content analysis..

Graphical Presentation, Data entry ,coding, import and export using “R” and Normality Testing was emphasized in this program.

26 faculties attended the program.

Finally vote of thanks was delivered by Dr.A. Vikram.M.D.

Detailed report of the program

Guest Lecture on Stem cell – An update was conducted on 23.08.2023. The Program started at around 1:00 PM with the inaugural function at 4th Floor Auditorium, Hospital Block . Welcome address was given by Dr.C.P.Luck, Head of the Department of Pathology. Dean of the Institution, Dr.J.Muthukumaran gave the inaugural address and Kuthuvilakku was lightened by the dignitaries.

Dr. Sarah Kuruvilla gave an introduction to stem cell therapy. Dr. Mukin Kumar elaborated the topic, Stem cell – An update. Stem cells are body's raw material – cells from which all other cells with specialized functions are generated. An innovative stem cell-based treatment for type 1 diabetes can meaningfully regulate blood glucose levels and reduce dependence on daily insulin. Currently the only stem- cell based treatment that is routinely reviewed. It is used to treat patients with cancers and disorders that affect the blood and immune system.

Dr. Sarah Kuruvilla compiled and concluded the session. Finally the session ended with a feedback session from the participants and Vote of Thanks by Dr. B.S.Sangeetha.

25 doctors participated in the event.
