Detailed report of the program

The Program was started around 8.45am with registration and assembling of 1st year, Pre final year, and Final year MBBS students in Lecture Hall -1 in Lecture Hall – 2.

At 9 am, Program was commenced by our Dean Prof. Dr.S.Shantha., M.D.Ph.D, who addressed the students and guests emphasized the importance of Basic Life support to the participants.

Later, all students were asked to attend a Pre-test on BLS to assess their existing knowledge about the topic. They were given a duration of 20 minutes to complete the test.

After the Pre-test, first session started around 10 am. DR.S.S.C. Chakra Rao, Guest speaker, chairman of Indian resuscitation council explained the importance of BLS in day-to-day life with real data and figures, He nicely elaborated on the various scenarios of cardiac arrest with informative animations and videos of real-life incidents, which was thoroughly enjoyed and appreciated by the students and faculties.

The Second session started with Brief introduction and demonstration of installation of the app named “Q CPR CLASSROOM”– by the Laerdal anniewhere coordinator Ms.Uzma Syed. Furthermore, she also explained in detail about the usage of App for hands on BLS training. A Break of 10mins is given to the students for app downloading and installation. Light snacks were provided to all the students.

In the third session, all students were given hands on training on BLS using their respective over the tables. Live feedback were provided to all students by inhouse faculties and also virtually by coordinator Ms. Uzmasyed, which helped the students to correct their mistakes instantly. Finally a detailed report regarding their quality of CPR is generated in the mobile app itself which students found very interesting and informative. Subsequently one more session of hands-on training was conducted in person using CPR mannequins.

Faculties Dr.Shankaranand, Dr. Bharath and Dr.Vinodhmani revised the topic and students enthusiastically performed CPR on the mannequins and the faculties guided them for providing quality CPR.

Feedback Analysis:

Pretest & Post test Analysis:

Bar chart depicting the comparison of the marks scored by participants in pre-test and post-test questionnaire

Feedback Analysis:

- Anonymous feedback was obtained from all the participants
- Overall, Students felt that lecture given by speaker was excellent. And they rated the session and speaker an average score of 9 / 10
- Participants were quite impressed with the hands-on training which is evident from the rating of 8.5/10
- Furthermore, students felt that similar sessions should be organised frequently with smaller group of participants to get more time on hands on training. And few of them pointed out that the technical difficulty in terms of internet connectivity.

Detailed report of the program

The Program was started around 8.45 am with registration and assembling of second year MBBS students in Lecture Hall -2. The program commenced with Tamil Thai Vaazhthu, followed by welcome note given by Prof &HOD Dr.R.G.Sukumar M.D, Department of Microbiology by welcoming Prof Dr. S.Shantha M.D., Ph.D, Dean and Prof Dr. R.Thirunarayanan, Medical superintendent. Later, the participants were asked to fill the pre-test questionnaire. They completed the test around 9.00am. After the Pre-test, around 9.05am, Introduction about Hospital acquired infection was given by Prof & HO D.R.G. Sukumar M.D. First session started with Dr.Shanthi Banukumar M.D, Professor, Department of Microbiology, TMCH. She nicely elaborated on the Hospital infection control. The Second session started around 10.22am by Dr. E.Premalatha, Associate professor, Department of Microbiology, TMCH. She explained in detail about Application of Antimicrobial stewardship in HIC A Break of 10mins is given to the students. The third session started around 1pm and continued till 5.00 pm. All students were divided into batches for Video demonstration and training given on Biomedical waste disposal, Management of needle stick injury, Steps of Hand hygiene and Proper disinfection of spill by Dr.I.Kannan MSc, PhD (Assist Prof, Microbiology) Dr.Kandasamy M.D (Asst. Prof., Microbiology), Mrs. Sony paul Msc (Asst. Prof. Microbiology) and Dr. R. Dinesh Raj M.D (Asst. Prof., Microbiology), which students found very interesting and informative. Subsequently, Post test was conducted with the same questionnaire as pre-test to evaluate the knowledge gained by the participants after the session. By comparing the data of pre-test and post test data it is evident that students scored better in post-test. Session ended with certificate distribution to all the participants. And vote of thanks by Dr.R.Dinesh Raj M.D, Asst. Professor ,Department of Microbiology, TMCH..

Detailed report of the program

The Program was started around 8.45 am with registration and assembling of Final year MBBS students and CRRI's in Lecture Hall -1.

At 9 am, Program was commenced by our Dean Dr.S.Shantha, who addressed the students and guests, emphasised the importance of Basic Electrocardiogram to the participants.

Later, all students were asked to attend a Pre-test on ECG to assess their existing knowledge about the topic. They were given a duration of 20 minutes to complete the test.

After the Pre-test, first session started around 10 am. DR. Chenniyappan, Guest speaker, chairman of Ramakrishna Nursing Home; explained the importance of Basic & Advance in day-to-day life with real data and figures, He nicely elaborated on the various scenarios of cardiac related disease with informative animations and videos of real-life incidents, which was thoroughly enjoyed And appreciated by the students and faculties.

The Second session started with Brief introduction of Electrolytes and ECG followed by ECG as ECHO - congenital heart disease and Acquired Heart disease. Furthermore, He also explained in detail about the uses of ECS as Deceiver. A Break of 10 mins is given to the students for preparing their mind for the next Quiz Session. Light snacks were provided to all the students.

Bar chart depicting the comparison of the marks scored by participants in pre-test and post-test questionnaire.

Subsequently, Post test was conducted with the same questionnaire as pre-test to evaluate the knowledge gained by the participants after the session. By comparing the data of pre-test and post test data it is evident that students scored better in post-test. Session ended with certificate distribution to all the participants.

And vote of thanks by Dr.Hari Sudhan.

Feedback from Participants

- Anonymous feedback was obtained from all the participants
- Overall, Students felt that lecture given by speaker was excellent.
- Furthermore, students felt that similar sessions should be organised frequently.

Detailed report of the program

The Program was started around 8.45am with registration and assembling of Final year MBBS students and CRRI's in Lecture Hall -1.

At 9 am, Program was commenced by our Dean Dr.Gunasekharan, who addressed the students and guests, emphasized the importance of Basic Life support to the participants.

Later, all students were asked to attend a Pre-test on BLS to assess their existing knowledge about the topic. They were given a duration of 20 minutes to complete the test.

After the Pre-test, first session started around 10 am. DR.S.S.C. Chakra Rao, Guest speaker, chairman of Indian resuscitation council explained the importance of BLS in day-to-day life with real data and figures, He nicely elaborated on the various scenarios of cardiac arrest with informative animations and videos of real-life incidents, which was thoroughly enjoyed and appreciated by the students and faculties.

The Second session started with Brief introduction and demonstration of installation of the app named "Q CPR CLASSROOM"- by the Laerdal anniewhere coordinator Ms.Uzma Syed. Furthermore, she also explained in detail about the usage of App for hands on BLS training.

A Break of 10mins is given to the students for app downloading and installation. Light snacks were provided to all the students.

In the third session, all students were given hands on training on BLS using their respective mobiles over the tables. App recorded the quality of CPR provided by the students and live feedback were provided to all students by in-house faculties and also virtually by coordinator Ms. Uzmasyed, which helped the students to correct their mistakes instantly. Finally a detailed report regarding their quality of

CPR is generated in the mobile app itself which students found very interesting and informative.

Subsequently one more session of hands-on training was conducted in person using CPR mannequins.

Faculties Dr.M.Nazir Ahmed and Dr.A.C.Malarvizhi., revised the topic and students enthusiastically performed CPR on the mannequins and the faculties guided them for providing quality CPR.

Detailed report of the program

The Program was started around 8.45am with registration and assembling of second year MBBS students in Lecture Hall -2. The program commenced with Tamil Thai Vaazhthu, followed by welcome note given by Prof & HOD Dr.R.G.Sukumar M.D, Department of Microbiology by welcoming Prof Dr. N.Gunasekaran M.D, DTCD, Dean and Prof Dr. K.Thirunarayanan MS, Medical superintendent. Later, the participants were asked to fill the pre-test questionnaire.

They completed the test around 9.00 am. After the Pre-test, around 9.05 am, Introduction about Hospital acquired infection was given by Prof & HOD.R.G. Sukumar M.D. First session started with Dr.Shanthi Banukumar M.D, Professor, Department of Microbiology, TMCH. She nicely elaborated on the Hospital infection control. The Second session started around 10.22 am by Dr. E.Premalatha, Associate professor, Department of Microbiology, TMCH. She explained in detail about Application of Antimicrobial stewardship in HIC A Break of 10mins is given to the students. The third session started around 1pm and continued till 5.00pm.

All students were divided into batches for Video demonstration and training given on Biomedical waste disposal, Management of needle stick injury, Steps of Hand hygiene and Proper disinfection of spill by Dr.I.Kannan Msc, PhD (Asst Prof, Microbiology) Mrs. Sony paul Msc (Asst. Prof., Microbiology) Dr.R.Dinesh Raj M.D (Asst. Prof., Microbiology), Dr.P.Savetha M.D (Asst. Prof., Microbiology) and Dr. K.Kayalvili M.D(Asst. Prof., Microbiology), which students found very interesting and informative. Subsequently, Post test was conducted with the same questionnaire as pre-test to evaluate the knowledge gained by the participants after the session.

By comparing the data of pre-test and post test data it is evident that students scored better in post-test. Session ended with certificate distribution to all the participants.

And vote of thanks by, Dr. E.Premalatha, Asst. Professor, Department of Microbiology, TMCH.

Detailed report of the program

The Program was started around 8.45am with registration and assembling of Final year MBBS students and CRRI's in Lecture Hall -1.

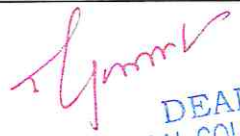

At 9 am, Program was commenced by our Dean, Dr. N. Gunasekaran who addressed the students and guests, emphasised the importance of Basic Electrocardiogram to the participants.

Later, all students were asked to attend a Pre-test on ECG to assess their existing knowledge about the topic. They were given a duration of 20 minutes to complete the test.

After the Pre-test, first session started around 10.00 am. Dr.Chenniyappan, Guest speaker, chairman of Ramakrishna Nursing Home; explained the importance of Basic & Advance in day-to-day life with real data and figures, He nicely elaborated on the various scenarios of cardiac related disease with informative animations and videos of real-life incidents, which was thoroughly enjoyed and appreciated by the students and faculties.

The Second session started with Brief introduction of Electrolytes and ECG followed by ECG as ECHO - Congenital Heart disease and Acquired Heart disease. Furthermore, He also explained in detail about the uses of ECS as Deceiver.

A Break of 10mins is given to the students for preparing their mind for the next Quiz Session. Light snacks were provided to all the students.

Barchart depicting the comparison of the marks scored by participants in pre-test and post-test questionnaire.

Subsequently, Post test was conducted with the same questionnaire as pre-test to evaluate the knowledge gained by the participants after the session. By comparing the data of pre-test and post test data it is evident that students scored better in post-test. Session ended with certificate distribution to all the participants. And vote of thanks by Dr. Prasana.

Feedback from Participants

- Anonymous feedback was obtained from all the participants
- Overall, Students felt that lecture given by speaker was excellent. And they rated the session and speaker an average score of 9 / 10
- Participants were quite impressed with the hands-on training which is evident from the rating of 8.5/10
- Furthermore, students felt that similar sessions should be organised frequently with smaller group of participants to get more time on hands on training.

Detailed report of the program

The Program was started around 8.45am with registration and assembling of Final year MBBS students and CRRI's in Lecture Hall -1.

At 9 am, Program was commenced by our Dean Dr.Gunasekharan, who addressed the students and guests, emphasized the importance of Basic Life support to the participants.

Later, all students were asked to attend a Pre-test on BLS to assess their existing knowledge about the topic. They were given a duration of 20 minutes to complete the test.

After the Pre-test, first session started around 10 am. DR.S.S.C. Chakra Rao, Guest speaker, chairman of Indian resuscitation council explained the importance of BLS in day-to-day life with real data and figures, He nicely elaborated on the various scenarios of cardiac arrest with informative animations and videos of real-life incidents, which was thoroughly enjoyed and appreciated by the students and faculties.

The Second session started with Brief introduction and demonstration of installation of the app named "Q CPR CLASSROOM"—by the Laerdal anniewhere coordinator

Light snacks were provided to all the students.

In the third session, live feedback were provided to all students by inhouse faculties and also virtually by coordinator Ms. Uzmayed, which helped the students to correct their mistakes instantly. Finally a detailed report regarding their quality of CPR is generated in the mobile app itself which students found very interesting and informative.

Subsequently one more session of hands-on training was conducted in person using CPR mannequins.

Faculties Dr. Vinodh Mani, MD and Dr.S.Bharath.,M.D revised the topic and students enthusiastically performed CPR on the mannequins and the faculties guided them for providing quality CPR

Detailed report of the program

The Program was started around 8.45am with registration and assembling of Final year MBBS students and CRRI's in Lecture Hall -1.

At 9 am, Program was commenced by our Dean Dr.N.Gunasekaran, who addressed the students and guests, emphasized the importance of Basic Life support to the participants.

Later, all students were asked to attend a Pre-test on BLS to assess their existing knowledge about the topic. They were given a duration of 20 minutes to complete the test.

After the Pre-test, first session started around 10 am. DR.S.S.C. Chakra Rao, Guest speaker, chairman of Indian resuscitation council explained the importance of BLS in day-to-day life with real data and figures, He nicely elaborated on the various scenarios of cardiac arrest with informative animations and videos of real-life incidents, which was thoroughly enjoyed and appreciated by the students and faculties.

The Second session started with Brief introduction and demonstration of installation of the app named "Q CPR CLASSROOM"— by the Laerdal anniewhere coordinator Ms.Uzma Syed. Furthermore, she also explained in detail about the usage of App for hands on BLS training.

A Break of 10mins is given to the students for app downloading and installation. Light snacks were provided to all the students.

In the third session, all students were given hands on training on BLS using their respective mobiles over the tables. App recorded the quality of CPR provided by the students and live feedback were provided to all students by in-house faculties and also virtually by coordinator Dr.S.Sivakumar., MD., which helped the students to correct their mistakes instantly. Finally a detailed report regarding their quality of CPR is generated in the mobile app itself which students found very interesting and informative. Subsequently one more session of hands-on training was conducted in person using CPR mannequins.

Faculties Dr.M.Nazir Ahmed Dr.R.Shankar Anand., MBBS. DNB. Revised the topic and students enthusiastically performed CPR on the mannequins and the faculties guided them for providing quality CPR.

Detailed report of the program

The Program was started around 8.45am with online pre-test The program commenced with welcome note given by Prof &HOD **Dr.R.G.Sukumar M.D**, Department of Microbiology by welcoming Prof **Dr. N.Gunasekaran M.D, DTCD**, Dean and Prof Dr. **Dr. K.Sivaprakasam MS**, Medical superintendent. Later, the participants were asked to fill the pre-test questionnaire. They completed the test around 9.00am. After the Pre-test, around 9.05am, Introduction about Hospital acquired infection was given by Prof & HO **D.R.G.Sukumar M.D**.

First session started with **Dr.P.R.Thenmozhiwalli M.D**, Professor, Department of Microbiology, TMCH. She nicely elaborated on the Hospital infection control. The Second session started around 10.22am by **Dr. E.Premalatha**, Associate professor, Department of Microbiology, TMCH. She explained in detail about Application of Antimicrobial stewardship in HIC. A Break of 10mins is given to the students. The third session started around 1pm and continued till 5.00pm.

All students were divided into batches for Online-Video demonstration given on Biomedical waste disposal, Management of needle stick injury, Steps of Hand hygiene and Proper disinfection of spill by Dr.I.Kannan Msc, PhD (Asst Prof, Microbiology) Mrs. Sony paul Msc (Asst. Prof., Microbiology) Dr.R.Dinesh Raj M.D (Asst. Prof., Microbiology), Dr.P.Savetha M.D (Asst. Prof., Microbiology) Dr.Archana meena M.D (Asst. Prof., Microbiology), Dr.K.P.Hamsadwani, MD(TUTOR)., which students found very interesting and informative. Subsequently, Post test was conducted with the same questionnaire as pre-test to evaluate the knowledge gained by the participants after the session. By comparing the data of pre-test and post test data it is evident that students scored better in post-test. Session ended with certificate distribution to all the participants. And vote of thanks by, **Dr.Savetha**, Asst. Professor, Department of Microbiology, TMCH.

Detailed report of the program

The program commenced at approximately 8:45 am with the registration and assembly of Final year MBBS students and CRRIs in Lecture Hall -1. At 9 am, the program was initiated by our esteemed Dean, Dr. Gunasekaran, who addressed the students and guests, emphasizing the importance of Basic Electrocardiogram (ECG) to all participants.

Subsequently, all students were requested to attend a Pre-test on ECG to assess their existing knowledge on the topic. They were given a duration of 20 minutes to complete the test.

Following the Pre-test, the first session began around 10 am. Dr. Chenniyappan, the guest speaker and Chairman of Ramakrishna Nursing Home, delivered a comprehensive lecture on the significance of Basic and Advanced ECG in day-to-day life. Dr. Chenniyappan provided real data, figures, and informative animations, along with videos depicting real-life incidents related to cardiac diseases. This engaging session was thoroughly enjoyed and appreciated by both the students and faculty members.

The second session commenced with a brief introduction to Electrolytes and ECG, followed by an in-depth discussion on ECG as ECHO - covering topics such as Congenital Heart Disease and Acquired Heart Disease. Furthermore, Dr. Chenniyappan provided detailed explanations about the uses of ECG as a diagnostic tool. A 10-minute break was given to the students to prepare themselves for the next Quiz Session, and light snacks were provided to all the students.

Objective of the Program	To provide in depth knowledge and practical experience on suturing and knotting techniques
--------------------------	--

Detailed report of the program

The workshop started with registration at around 8.45 am. The program begun at 9.00 am.

The program commenced with Tamil Thai Vaazhthu, followed by welcome note given by Prof. Dr. D.R. Loganathan, Department of General surgery by welcoming Prof Dr. Kumudha Lingaraj, Dean, Prof Dr. Karunanithi Medical superintendent. Prof Dr.Kumudha Lingaraj, Dean and Prof Dr Karunanithi Medical Superintendent, addressed the gathering and shed spot light on the importance of suturing and knotting in their career and the significance in organizing this workshop.

Later, the participants were asked to fill the pre-test questionnaire. The first session started at around 10.00 am. Dr. D.R. Sandeep.U, consultant plastics and reconstructive surgeon at CSSH explained in detail about suturing and various techniques via google meet. The second session was taken by Dr. Swathika, surgical registrar at Apollo hospitals on various knotting techniques followed by hands on training in suturing and knotting for participants.

She was felicitated by Prof Dr. K.Jawahar, Head of the department, General surgery. Then the participants had high tea with snacks for around 10 minutes. The workshop continued for around next 2 hours with exclusive hands on training for the participants under the guidance of the faculties. After the session, Post-test was conducted. Then the participants were asked to fill the feedback form regarding the Workshop. Few of them volunteered to give their comments on the Workshop.

All the Participants who attended the Workshop on suturing and knotting were issued certificates by the Guest speaker, Dean, Medical Superintendent and Head of the departments. Finally vote of thanks was given by Dr.Preethiya senior resident, department of general surgery

Detailed report of the program

The Department of General Medicine organized a hybrid workshop on ECG, which took place on January 28, 2022, in the College Auditorium from 9:00 am to 5:00 pm. The primary objective of the workshop was to actively engage students through interactive lectures, quiz sessions, and the simplified interpretation of ECG led by Dr Guru Prasath, Interventional Cardiologist.

The interactive nature of the sessions, combined with the profound knowledge and expertise of Dr Guru Prasath, significantly contributed to the overall learning experience of the participants. The workshop not only expanded their knowledge but also equipped them with practical skills that are highly relevant to their future careers in the medical field.

To evaluate the effectiveness of the session, both a pre-test and a post-test were administered, enabling a comprehensive analysis of the students' progress. This assessment method allowed for a thorough understanding of the impact the workshop had on the participants' understanding of ECG fundamentals.

The participants expressed great satisfaction with the workshop, emphasizing its value in enhancing their comprehension of the basic concepts of ECG.

	Dr. Anusha.B, MD	ASSOCIATE Professor, SSSMC&RI	ACLS Megacode Drill & Post cardiac arrest care
Objective of the Program	1. To define importance of CPR 2. Enumerate difference between BLS& ACLS 3. Hands on workshop on ACLS		

Detailed report of the program

The Program was started around 9.30am with registration and assembling of Final year MBBS, CRRI & PG students in Hospital 4 Floor Auditorium Skills Lab. Program was commenced by our Dean Dr.KumudhaLingaraj, who addressed the students and emphasized the importance of ACLS to the participants. Later, all students were asked to attend a Pre-test on BLS to assess their existing knowledge about the topic. They were given a duration of 20 minutes to complete the test.

After the Pre-test, first session started around 10.15 am. Dr. HEMANTH KUMAR Guest speaker, Course coordinator, AHA ITC MGMC&RI explained the importance of ACLS in day-to-day life with real data and figures, He nicely elaborated on the various scenarios of cardiac arrest with informative animations and videos of real-life incidents, which was thoroughly enjoyed and appreciated by the students and faculties.

The Second session started with Launch of "TAG – HEART" Foundation. A Break of 10mins is given to the students. In the third session started around 11am about Brady & tachyarrhythmias Identification and management by Dr. PRAGADEESH RAJA. V MD, DNB, FCCM Assistant Professor, SSSMC&RI. Subsequently one more session started around 12.15pm about ACLS Megacode Drill & Post cardiac arrest care by Dr. ANUSHA.B, MD, ASSOCIATE Professor, SSSMC &RI.

A Lunch break for 15mins given. All students were given hands on training on ACLS using CPR mannequins. Faculties Dr.Shankaranand, Dr. Bharath and Dr.Vinodhmani revised the topic and students enthusiastically performed CPR on the mannequins and the faculties guided them for providing quality CPR. Finally posttest & feedback were provided to all students. Session ends with certificate distribution and vote of thanks by Dr. Shankar anand.

Feedback Analysis:

Barchart depicting the comparison of the marks scored by participants in pre-test and post-test questionnaire.

Subsequently, Post test was conducted with the same questionnaire as pre-test to evaluate the knowledge gained by the participants after the session. By comparing the data of pre-test and post test data it is evident that students scored better in post-test

Feedback from Participants

- Anonymous feedback was obtained from all the participants
- Overall, Students felt that lecture given by speaker was excellent. And they rated the session and speaker an average score of 9 / 10
- Participants were quite impressed with the hands-on training which is evident from the rating of 8.5/10
- Furthermore, students felt that similar sessions should be organised frequently with smaller group of participants to get more time on hands on training.
