Detailed report of the program

Faculty Development Program organized by the Department of Biochemistry in association with MEU on the topic of **"Enzymes in Medicine"** on 07th June 2018 from 10.00 AM to 12.30PM at 4th Floor Auditorium – Hospital Block. Event was inaugurated by respected Dean Dr.N.Gunasekaran. M.D., and felicitated by Medical Superintendent. Dr.Thirunarayanan. MS.,

By this development program, on "Enzymes in Medicine" the speakers emphasized the pivotal role enzymes play in revolutionizing modern medicine. From serving as therapeutic agents to enabling targeted drug delivery and enhancing diagnostics, enzymes have proven to be versatile tools in the medical field. Continued research and investment in enzyme-based technologies hold the potential to bring about innovative treatments and significantly impact patient outcomes.

The programme was attended by 21 participants

Detailed report of the program

Faculty Development Program organized by the Department of Community Medicine in association with MEU on the topic of RESEARCH METHODOLOGY on 13.12.2018 at 4th Floor Auditorium, Hospital Block between 10.00AM and 12.30PM. The event was inaugurated by respected Dean Dr.N. Gunasekaran, M.D., and felicitated by Medical Superintendent Dr.K. Sivaprakasam. MS.,

Writing a research proposal by Dr.R.C.Karthik, highlighted about choosing appropriate research topics and various steps of research proposal writing and the scrutiny by institutional ethical committee. The tools for statistical analysis by Dr.M.Ezhilvanan provided a platform for researchers and faculties to enhance their knowledge and skills in selecting appropriate research methodologies, conducting rigorous data collection, and employing robust analysis techniques. The seminar highlighted the pivotal role of research methodology in ensuring the validity, reliability, and credibility of research outcomes.

18 doctors participated in the event

Finally vote of thanks was delivered by Dr.A.Radhakrishnan, MD

Detailed report of the program

Faculty Development Program Organized By Department Of General Surgery in association with MEU on The Topic Of "Medicolegal Aspects of Documentation in Clinical Practice " On 4th April 2019, From 1.00 PM To 3.30PM at 4th Floor Auditorium – Hospital Block. The event Was inaugurated by respected Dean Dr.N. Gunasekaran. M.D., and felicitated by Medical Superintendent. Dr. K. Sivaprakasam. MS.,

Medicolegal documentation errors account for the majority of legal backlashes faced by doctors both ethically and monetarily in spite of proper treatment given. The speaker discussed on the process of documentation, the common questions asked in the court of law, and errors amounting to negligence with interesting scenarios. The differences in the documentation process in the case of medicolegal cases and the points of significance are also highlighted. An interactive discussion followed.

20 doctors participated in this event.

Finally vote of thanks was delivered by Dr.R.Raja M.S.

Detailed report of the program

Faculty Development Program organized by Department of Internal Medicine in association with MEU on the topic of "Acute Coronary syndromes" on 6th June 2019, from 1.00 PM to 3.30PM at 4th Floor Auditorium – Hospital Block. The event was inaugurated by respected Dean Dr.N. Gunasekaran. M.D., and felicitated by Medical Superintendent. Dr. K. Sivaprakasam. MS.,

Acute Coronary syndromes is a group of diseases characterized by reduction in the blood flow to the myocardium which ranges from unstable angina to STEMI. The presentation deserves immediate and utmost care which marks the difference between life and death. Any primary caregiver who comes into first contact with the patient needs basic knowledge of the various presentations and interpretations. The FDP on acute coronary syndromes elaborated on the various investigations and interpretations and acute management and planning in the care of ACS patients.

21 doctors participated in this event.

The programme ended with an active discussion followed by vote of thanks.

Detailed report of the program

Faculty Development Program organized by the Department of Pharmacology in association with MEU on the topic of "Novel Approaches in Treating Neurological Disorders" on 12/09/2019 between 10.00AM to 12.30pm at 4th Floor Auditorium – Hospital Block. The event was inaugurated by respected Dean Dr.N.Gunasekaran.M.D., and felicitated by Medical Superintendent. Dr. Siva Prakasam. MS.

The "Novel Approaches in Treating Neurological Disorders" seminar showcased the remarkable progress made in neuroscience research and its potential to transform patient care. The integration of cutting-edge technologies, such as advanced neuroimaging, precision medicine, neurostimulation, immunotherapies and neural regeneration has opened up new horizons in the field of neurological disorders.

The speakers emphasized on essential to prioritize further research, clinical trials, and interdisciplinary collaborations to harness the full potential of these novel approaches and ultimately improve the lives of millions of individuals affected by neurological disorders.

The findings and discussions presented during this seminar provide a solid foundation for continued exploration and innovation

Finally vote of thanks was delivered by Dr.R.Geetha .M.D.

Detailed report of the program

Faculty Development Program Organized By Medical Education Unit On The Topic Of "Student Psychology in Pandemic and Online Teaching Skills" On 8th April 2020, in online mode, From 10.00Am to 12.30PM. Event Was inaugurated by respected Dean Dr.N. Gunasekaran. M.D., and felicitated by Medical Superintendent. Dr. K. Sivaprakasam. MS.,

Online teaching as a newly proposed mode of teaching is an effective and safe form of learning, but it is draining and requires lot of efforts from the teachers to ensure adequate participation and to ensure that the content is delivered successfully. Speaker discussed on the concerns of the student population in the Pandemic, the ongoing stressors faced by them, the challenges faced by students and teachers in the new learning/ teaching methods. The teaching skills that can be incorporated while teaching online, to ensure maximum student participation were elaborated.

22 doctors participated in this event

Finally vote of thanks was delivered by Dr.B.S.Sangeetha.,M.D.

Detailed report of the program

Faculty Development Program organized by the Department of Community Medicine in association with MEU on the topic of RESEARCH METHODOLOGY on 12.08.2020 at 4th Floor Auditorium, Hospital Block between 10.00AM and 12.30PM . Event was inaugurated by respected Dean Dr.N. Gunasekaran M.D., and felicitated by Medical Superintendent Dr. K. SivaPrakasam MS.,

The research methodology programs part 1 and part 2 by Dr. Sree T Sucharitha M.D., and Dr.C.Sivagurunathan M.D., respectively proved to be a valuable and enriching experience for participants, equipping them with the necessary tools and skills to excel in their research endeavors. The program's success was attributed to its comprehensive curriculum, interactive teaching methodologies and expert faculty. Participants left the programs with a strong foundation in research methodology, setting them on a path to becoming proficient researchers in their respective domains. The session met the current needs of addressing the research opportunities and dire needs of research in the current pandemic.

	organizational architecture and client satisfaction.
--	--

Detailed report of the program

Faculty Development Program organized by the Internal Quality Assurance Cell, on **"Empathetic Care: Enhancing Soft Skills for Medical Professionals "** on 18/03/2021 between 1.00PM to 3.30 PM at 4th Floor Auditorium – Hospital Block. The event was inaugurated by respected Dean Dr.N.Gunasekaran.M.D., and felicitated by Medical Superintendent. Dr. Siva Prakasam. MS.

The programme made an impact on the faculty by increasing their knowledge on effective interpersonal interactions within the organization. Organizational behaviour plays an important role in understanding and improving the dynamics within work places. By observing and analyzing the individual behaviour, group interactions, organizational culture and decision making process, the gains can be amplified in the same resource settings. Effective communication is a skill that transcends personal and professional boundaries. Mastering the skills of clarity, active listening, non verbal cues,, empathy and audience adaptation, can contribute positively to personal and professional development. Finally vote of thanks was delivered by Dr.S.Manikandan .PhD.

Day 1

Day Time	Session	Objectives	Duration	Faculty
9.00	Introduction: Ice breaking and group dynamics	Understand and apply concepts of group dynamics and team based functioning in teaching and learning	60 minutes	Dr. Mario Leesha Fernando
10.00	System's approach, principles of adult learning process	a. Use principles of adult learning in the teaching learning process b. Use the system's approach for instructional design	75 minutes	Dr.D.H Gopalan
11.15	Tea Break			
11.30	Goals, roles and competencies: CBME*	a. define goals, roles and competencies and explain the relationship between each other b. elaborate the principles of competency based learning	45 minutes	Dr. P. Preethi
12.15	The IMG - Goals, roles and competencies	a. be sensitized to the goals, roles and global competencies as developed by the Medical Council of India	15 minutes	Dr. R. Shankar Anand
12.30	Learning domains and progression of learning	a. Classify and define learning domains b. demonstrate a basic understanding of hierarchy of knowledge progression	30 minutes	Dr. S. Jamuna Rani
13.00	Lunch			
13.45	Objectives - writing objectives - developing objectives from competencies, linking learning and assessment with competencies*	a. Differentiate competencies from objectives b. develop objectives from different competencies c. explain the relationship between objectives, learning and assessment	60 minutes	Dr. S. Jamuna Rani
14.45	Workshop on writing objectives*	a. develop objectives from competencies and specify the domain and skill level	60 minutes	Dr. S. Jamuna Rani
15.45	Tea Break			
16.00	Introduction to assessment	a. Elaborate the principles and types of assessment b. explain the utility of assessment	45 minutes	Dr. R. Shankar Anand
16.45	Close

Day 2

Day Time	Session	Objectives	Duration	Faculty
9.00	Choosing a teaching method for objectives and competencies- workshop	Choose the appropriate teaching method for various objectives and competencies	90 minutes	Dr. R. Geetha
10.30	Tea Break			
10.45	Interactive and innovative teaching methods including large group(demo), small group(with demo)and appropriate use of media	a. Use the principles of interactive learning in a large group b. use the principles of interactive learning in a small group c. choose appropriate media for a given learning session	105 minutes	Dr. S. Jamuna Rani Dr.A. Balaji
12.30	Writing a lesson plan	Develop a lesson plan appropriate to the objectives and teaching learning method	45 minutes	Dr. R. Geetha
13.15	Lunch			
14.00	Assessment planning* and quality assurance, writing the correct essay question, short answer question and MCQ	a. Write an appropriate essay question b. write an appropriate short answer question c. write an appropriate MCQ	120 minutes	Dr. Mario Leesha Fernando Dr. P. Preethi
16.00	Tea Break			
16.15	Internal assessment and formative assessment	Develop a plan for internal assessment and formative assessment	40 minutes	Dr. Mario Leesha Fernando

Day 3

Day Time	Session	Objectives	Duration	Faculty
9.00	Discussion on AETCOM module: Reflection and narrative	a. demonstrate the ability to use the AETCOM module for basic course in MET to be held b. demonstrate the ability to write reflection & narrative on AETCOM module c. demonstrate readiness to launch AETCOM module in own college	60 minutes	Dr. A.Balaji
10.00	Matching assessment to competency, objectives and learning workshop- choosing the right assessment	Choose the right assessment method for a given objective / competency and learning method	60 minutes	Dr.D.H Gopalan
11.00	Tea Break			
11.15	Effective clinical and practical skill teaching	a. Teach skills effectively b. teaching skills at the workplace c. use a skills lab effectively	60 minutes	Dr. R. Shankar Anand
12.15	Lunch			
13.45	Assessment of clinical skills (cont.)		60 minutes	Dr. R. Shankar Anand
14.45	Improving SDL through technology	a. Promote self directed learning(SDL) in students b. use technology to improve self directed learning	30 minutes	Dr. P. Preethi
15.15	Tea Break			
15.30	FEEDBACK	Provide effective feedback to students	30 minutes	Dr. Mario Leesha Fernando
16.00	Educational networking for growth	a. Understand avenues for growth in education b. create networks in education	45 minutes	Dr. P. Preethi
16.45	Close

Detailed report of the program

Faculty Development Program Organized by Medical Education Unit on the topic of “NAAC Sensitization Program” on 10th November 2021 from 12.30 PM to 3.00 PM at 4th Floor Auditorium – Hospital Block. The event was inaugurated by respected Dean Dr.Kumadha Lingaraj. M.D., and felicitated by Medical Superintendent. Dr. Karunanidhi. MS.

The speaker discussed various aspects such as the role of NAAC, the accreditation process, criteria and parameters for assessment, documentation requirements, self-assessment and quality improvement strategies, benchmarking, and best practices in higher education. Participants are given opportunities to ask questions, seek clarification, and engage in discussions with the experts. This interactive format allows for a deeper understanding of the accreditation process and its implementation. Participants gain insights into the accreditation process, understand the importance of self-assessment, and learn how to align their practices with quality indicators.

About 37 doctors participated in this event.

Detailed report of the program

This covid pandemic wreaked havoc not only on our daily lives, but also on the educational system's teaching methods. This form of virtual class has numerous drawbacks, the most serious of which is that, disengaged students throughout our lectures. Through gamification, we have found a way to overcome this problem. Gamification is adding game mechanics into nongame environments, like a website, online community, learning management system intranet to increase participation. So the goal of gamification in medical research and education is to make our virtual classes more interactive, engaging and participative between students and faculties.

The programme started with the message from the Dean Prof. Dr. Kumudha Lingaraj, followed by Prof. Dr. D.H. Gopalan M.S., HOD, Dept. of Anatomy who gave an insight about gamification, after which the speaker Dr. S. Rajalakshmi delivered her talk about gamification in online teaching with workshop. The observant, coherent, and aesthetically compelling address was well appreciated by the faculty, according to responses received from them.

Objective of the Program

To improve computer knowledge and collaboration skills:

- Teach faculties how to effectively use MS EXCEL, MS WORD to facilitate efficient and professional development within the healthcare setting.
- Introduce collaboration tools and platforms to enhance teamwork and streamline communication and skills between different departments or teams.

Detailed report of the program

Faculty Development Program organized by the Department of Information Technology in association with IQAC on the topic of "Information Technology in Modern Health Care" for the faculties on 24/02/2022 between 1.00 pm to 03.30 pm at 4th Floor Auditorium – Hospital Block. The event was inaugurated by respected Dean Dr.Kumudha Lingaraj.M.D., and felicitated by Medical Superintendent. Dr. R.Karunanidhi. MS.

The " Computer skills and its application in Health Care " showcased the significance of computer skills and applications in enhancing productivity, efficiency, and effectiveness among faculties in the hospital environments by Mr.Arul Jenifer. The participants were given Hands on training to use MS Excel 2007 and MS Word 2007 by Mr.Munia Sami.

21 faculties participated in this event.

Finally vote of thanks was delivered by Prof.Dr.S.Manikandan.M.D.

			• How to insert tables in MS Word 2007 • Individual hands-on training
Objective of the Program		To introduce collaboration tools and platforms to enhance teamwork and streamline communication between different departments or teams.	

Detailed report of the program

The Department of Information Technology in Tagore Medical College in association with Human Resource Department organized a soft skill development course on "Computer skills and application" in Health Care for the non-teaching and office staffs on 11 MARCH 2019 from 1.00 PM – 3.00 PM at 4th Floor Auditorium – Hospital Block. The event was inaugurated by respected Dean Dr. N. Gunasekaran. M.D., and felicitated by Medical Superintendent Dr. K. Sivaprakasam. MS.,

The organization provides ongoing support and opportunities for non-teaching staff members to further develop their computer skills. Continuous training, refresher courses, and access to resources such as online tutorials or help desks can aid in sustaining and expanding the knowledge gained during the seminar.

The participants were given Hands on training in the following,

1. Basic of windows 10
2. How to create, share and collaborate documents using Google drive
3. How to insert tables in MS Word 2007.

			without software • Individual hands-on training
Objective of the Program	1.To enable non-teaching and office staff to leverage computer skills and healthcare applications to streamline administrative processes and improve productivity. 2. To monitor and measure the impact of the program on staff performance, efficiency and make necessary adjustments as needed.		

Detailed report of the program

The Department of Information and Technology of Tagore Medical College in association with Human Resource Department Organized a soft skill development Course on “Computer skills and application” in Health Care for the non-teaching staffs on 09 SEPTEMBER 2019 from 1.00 PM – 3.00 PM at 4th Floor Auditorium – Hospital Block. Event was inaugurated by respected Dean Dr. N. Gunasekaran. M.D., and felicitated by Medical Superintendent. Dr. K. Sivaprakasam. MS.,

Overall, the seminar served as a significant step towards bridging the digital divide among non-teaching staff in healthcare, enabling them to leverage technology for improved service delivery and patient care. It is expected that the knowledge gained will positively impact their efficiency, job satisfaction, and overall contribution to the healthcare organization.

The participants were given Hands on training in creating professional presentation, creating Hyperlinks and how to create pdf file without software.

20 non-teaching staffs participated in this event.

- Teach staff how to effectively use email, instant messaging, and other communication tools to facilitate efficient and professional communication within the healthcare setting.
- Introduce collaboration tools and platforms to enhance teamwork and streamline communication between different departments or teams.

Detailed report of the program

The Department of Information Technology in Tagore Medical College in association with Human Resources Department organized a soft skill development Course on "Computer skills and application" in Health Care for the non-teaching staffs on 11 MARCH 2020 from 1.00 PM – 3.00 PM at 4th Floor Auditorium – Hospital Block. Event was inaugurated by respected Dean Dr. N. Gunasekaran. M.D., and felicitated by Medical Superintendent. Dr. K. Sivaprakasam. MS.,

This program aims to highlight the significance of computer skills and applications in enhancing productivity, efficiency, and effectiveness in non-teaching and office environments. Continuous training, refresher courses, and access to resources such as online tutorials or help desks can aid in sustaining and expanding the knowledge gained during the seminar. The participants were given Hands on training to use MS Excel 2007 and MS Word 2007.

25 Non-teaching staff participated in this event.

Finally vote of thanks was delivered by Mr.Dilli Babu, H.R.Manager.

Detailed report of the program

The Nursing Training Program organized by Tagore Medical College & Hospital on the topic of "FIRE SAFETY DEMO" On JAN 10th 2018 from 1.00 PM to 3.00PM at 4th Floor Auditorium – Hospital Block. The event was inaugurated by respected Dean Dr. S. Shantha MD.PhD., and felicitated by Medical Superintendent Dr. R.Thirunarayanan M.S.,

The First Safety Demo conducted on Jan 10th 2018 was a comprehensive and informative event aimed at raising awareness about fire safety and promoting preventive measures among the attendees. The demonstration showcased various fire safety techniques, equipment, and evacuation procedures, providing valuable insights into fire prevention, preparedness and response by Mr. Mohan, Fire Safety Officer.

The event provided a hands-on experience with various fire safety equipment, such as fire extinguishers, smoke detectors, fire blankets, and evacuation devices.

Attendees were educated on the primary and secondary evacuation routes, assembly points, and the necessity of practicing evacuation drills regularly.

21 nurses participated in this event.

Finally vote of thanks was delivered by Mr.Dilli Babu HR.

	DVL, TMCH	
Objective of the Program	• To enumerate the common scenarios for needle prick injuries • Demonstration of first aid measures • To discuss the Post exposure prophylaxis.	

Detailed report of the program

The Nursing Training Program organized by Department of DVL on the topic of "NEEDLE PRICK INJURIES & PEP" on 25.10.2017 from 1.00 PM to 3.00PM at 4th Floor Auditorium – Hospital Block. The event was inaugurated by respected Dean Dr. S. Shantha MD.PhD., and felicitated by Medical Superintendent Dr. R.Thirunarayanan M.S.,

Speakers discussed on the causes of blood borne pathogens that can be transmitted by needle pricks. The first aid measures like flushing with soap and water, risk assessment, referring for initiation of PEP like HIV post exposure prophylaxis and hepatitis B immunoglobulin and vaccination were discussed in detail.

21 nurses participated in this event.

Finally vote of thanks was delivered by Dr.C.Ramya., M.D.DVL.

			17. Introduction to PCR 18. Lab Process and Procedure COVID-19 SOP 19. Donning and Doffing 20. Equipment Training (Bio-Rad)
Objective of the Program	1. To ensure a safe, efficient, and standardized laboratory practice while maintaining patient confidentiality and delivering accurate and reliable results. 2. To equip new joiners with the necessary knowledge and skills to meet NABL standards, follow best practices, and provide quality healthcare services through proper sample collection, handling, and adherence to quality management systems.		

Detailed report of the program

Based on the job responsibilities of the new joiners, they will be undergoing the following training programs:

1. **Standard Precautions:** This training program focuses on understanding and implementing standard precautions in the laboratory to prevent the spread of infections and ensure the safety of staff and patients.
2. **First Aid Measures and Safety Precautions:** Participants are trained in providing immediate medical assistance and understanding safety protocols to handle emergency situations effectively.
3. **Hand Hygiene:** This program emphasizes the importance of proper hand hygiene practices in the laboratory to prevent the transmission of pathogens and maintain a clean environment.

(Affiliated to the Tamil Nadu Dr.MGR Medical University & Recognized by the Ministry of Health & Family welfare. Govt. of India New Delhi)

4. **Biomedical Waste Management:** Participants learn about the appropriate segregation, handling, and disposal of biomedical waste to minimize the environmental impact and promote safety.
5. **Spill Management and Needle Stick Injury:** This training program covers the proper procedures for managing spills and preventing needle stick injuries, including prompt response, containment, and reporting.
6. **Maintenance and Cleaning of Lab Equipment:** Participants gain knowledge about the regular maintenance, calibration, and cleaning of laboratory equipment to ensure accurate and reliable results.
7. **Patient Communication:** This program focuses on developing effective communication skills with patients, including active listening, empathy, and providing clear instructions for sample collection and testing.
8. **Informed Consent:** Participants learn about the importance of informed consent and how to obtain it from patients before conducting any laboratory tests or procedures.
9. **Sample Collection Procedure (H1N1 and HCV):** This training program covers the specific protocols and techniques for collecting samples related to H1N1 and HCV infections, ensuring proper handling and preservation.
10. **Storage and Transport of Samples:** Participants understand the requirements for appropriate storage and transportation of samples to maintain their integrity and prevent contamination or degradation.
11. **Documentation of Lab Reports and Interim Reports:** This program focuses on accurate and comprehensive documentation of laboratory reports, including interim reports for timely communication of preliminary findings.
12. **Report Dispatch and Issuing to Patients:** Participants learn the proper procedures for dispatching final reports to patients, ensuring confidentiality and accuracy in reporting.
13. **Inter-lab Comparison of Results for Review:** This training program emphasizes the importance of participating in inter-laboratory proficiency testing programs to assess and improve the accuracy and reliability of results.
14. **QMS Internal Audit:** Participants are trained on conducting internal audits of the Quality Management System (QMS) to identify areas for improvement and ensure compliance with NABL standards.
15. **Role and Responsibility of Technical Staff:** This program clarifies the roles and responsibilities of technical staff members, emphasizing their contribution to maintaining quality and safety in the laboratory.

DEAN

(Affiliated to the Tamil Nadu Dr.MGR Medical University & Recognized by the Ministry of Health & Family welfare. Govt. of India New Delhi)

16. QC and its Significance, Internal Quality Assurance (IQA): Participants learn about Quality Control (QC) measures and the significance of implementing IQA protocols to monitor and maintain the accuracy and precision of laboratory tests.
17. Introduction to PCR: This training provides an overview of Polymerase Chain Reaction (PCR) technology and its applications in molecular diagnostics.
18. Lab Process and Procedure COVID-19 SOP: Participants are trained on the specific laboratory processes and procedures outlined in the Standard Operating Procedures (SOP) for COVID-19 testing.
19. Donning and Doffing: This program focuses on the correct techniques for wearing and removing personal protective equipment (PPE) to minimize the risk of contamination.
20. Equipment Training (Bio-Rad): Participants receive training on specific equipment provided by Bio-Rad, covering its operation, maintenance, and troubleshooting.

These training programs are crucial to ensure that new employees understand and adhere to the necessary safety protocols, standard operating procedures, quality management practices, and effective communication with patients. They will also learn specific techniques and procedures related to sample collection, handling, storage, and transportation, as well as documentation and reporting requirements.

These training programs are provided based on the individual job responsibilities of the new joiners to ensure they receive the relevant knowledge and skills required for their roles. Additionally, periodic refresher training and continuous professional development should be considered to keep the employees updated with the latest advancements and standards in their field.
