Detailed report of the program

Faculty Development Program organized by the Department of Biochemistry in association with MEU on the topic of **"Enzymes in Medicine"** on 07th June 2018 from 10.00 AM to 12.30PM at 4th Floor Auditorium – Hospital Block. Event was inaugurated by respected Dean Dr.N.Gunasekaran. M.D., and felicitated by Medical Superintendent. Dr.Thirunarayanan. MS.,

By this development program, on "Enzymes in Medicine" the speakers emphasized the pivotal role enzymes play in revolutionizing modern medicine. From serving as therapeutic agents to enabling targeted drug delivery and enhancing diagnostics, enzymes have proven to be versatile tools in the medical field. Continued research and investment in enzyme-based technologies hold the potential to bring about innovative treatments and significantly impact patient outcomes.

The programme was attended by 21 participants

Detailed report of the program

Faculty Development Program organized by the Department of Community Medicine in association with MEU on the topic of RESEARCH METHODOLOGY on 13.12.2018 at 4th Floor Auditorium, Hospital Block between 10.00AM and 12.30PM. The event was inaugurated by respected Dean Dr.N. Gunasekaran, M.D., and felicitated by Medical Superintendent Dr.K. Sivaprakasam. MS.,

Writing a research proposal by Dr.R.C.Karthik, highlighted about choosing appropriate research topics and various steps of research proposal writing and the scrutiny by institutional ethical committee. The tools for statistical analysis by Dr.M.Ezhilvanan provided a platform for researchers and faculties to enhance their knowledge and skills in selecting appropriate research methodologies, conducting rigorous data collection, and employing robust analysis techniques. The seminar highlighted the pivotal role of research methodology in ensuring the validity, reliability, and credibility of research outcomes.

18 doctors participated in the event

Finally vote of thanks was delivered by Dr.A.Radhakrishnan, MD

Detailed report of the program

Faculty Development Program Organized By Department Of General Surgery in association with MEU on The Topic Of "Medicolegal Aspects of Documentation in Clinical Practice " On 4th April 2019, From 1.00 PM To 3.30PM at 4th Floor Auditorium – Hospital Block. The event Was inaugurated by respected Dean Dr.N. Gunasekaran. M.D., and felicitated by Medical Superintendent. Dr. K. Sivaprakasam. MS.,

Medicolegal documentation errors account for the majority of legal backlashes faced by doctors both ethically and monetarily in spite of proper treatment given. The speaker discussed on the process of documentation, the common questions asked in the court of law, and errors amounting to negligence with interesting scenarios. The differences in the documentation process in the case of medicolegal cases and the points of significance are also highlighted. An interactive discussion followed.

20 doctors participated in this event.

Finally vote of thanks was delivered by Dr.R.Raja M.S.

Detailed report of the program

Faculty Development Program organized by Department of Internal Medicine in association with MEU on the topic of "Acute Coronary syndromes" on 6th June 2019, from 1.00 PM to 3.30PM at 4th Floor Auditorium – Hospital Block. The event was inaugurated by respected Dean Dr.N. Gunasekaran. M.D., and felicitated by Medical Superintendent. Dr. K. Sivaprakasam. MS.,

Acute Coronary syndromes is a group of diseases characterized by reduction in the blood flow to the myocardium which ranges from unstable angina to STEMI. The presentation deserves immediate and utmost care which marks the difference between life and death. Any primary caregiver who comes into first contact with the patient needs basic knowledge of the various presentations and interpretations. The FDP on acute coronary syndromes elaborated on the various investigations and interpretations and acute management and planning in the care of ACS patients.

21 doctors participated in this event.

The programme ended with an active discussion followed by vote of thanks.

Detailed report of the program

Faculty Development Program organized by the Department of Pharmacology in association with MEU on the topic of "Novel Approaches in Treating Neurological Disorders" on 12/09/2019 between 10.00AM to 12.30pm at 4th Floor Auditorium – Hospital Block. The event was inaugurated by respected Dean Dr.N.Gunasekaran.M.D., and felicitated by Medical Superintendent. Dr. Siva Prakasam. MS.

The "Novel Approaches in Treating Neurological Disorders" seminar showcased the remarkable progress made in neuroscience research and its potential to transform patient care. The integration of cutting-edge technologies, such as advanced neuroimaging, precision medicine, neurostimulation, immunotherapies and neural regeneration has opened up new horizons in the field of neurological disorders.

The speakers emphasized on essential to prioritize further research, clinical trials, and interdisciplinary collaborations to harness the full potential of these novel approaches and ultimately improve the lives of millions of individuals affected by neurological disorders.

The findings and discussions presented during this seminar provide a solid foundation for continued exploration and innovation

Finally vote of thanks was delivered by Dr.R.Geetha .M.D.

Detailed report of the program

Faculty Development Program Organized By Medical Education Unit On The Topic Of "Student Psychology in Pandemic and Online Teaching Skills" On 8th April 2020, in online mode, From 10.00Am to 12.30PM. Event Was inaugurated by respected Dean Dr.N. Gunasekaran. M.D., and felicitated by Medical Superintendent. Dr. K. Sivaprakasam. MS.,

Online teaching as a newly proposed mode of teaching is an effective and safe form of learning, but it is draining and requires lot of efforts from the teachers to ensure adequate participation and to ensure that the content is delivered successfully. Speaker discussed on the concerns of the student population in the Pandemic, the ongoing stressors faced by them, the challenges faced by students and teachers in the new learning/ teaching methods. The teaching skills that can be incorporated while teaching online, to ensure maximum student participation were elaborated.

22 doctors participated in this event

Finally vote of thanks was delivered by Dr.B.S.Sangeetha.,M.D.

Detailed report of the program

Faculty Development Program organized by the Department of Community Medicine in association with MEU on the topic of RESEARCH METHODOLOGY on 12.08.2020 at 4th Floor Auditorium, Hospital Block between 10.00AM and 12.30PM . Event was inaugurated by respected Dean Dr.N. Gunasekaran M.D., and felicitated by Medical Superintendent Dr. K. SivaPrakasam MS.,

The research methodology programs part 1 and part 2 by Dr. Sree T Sucharitha M.D., and Dr.C.Sivagurunathan M.D., respectively proved to be a valuable and enriching experience for participants, equipping them with the necessary tools and skills to excel in their research endeavors. The program's success was attributed to its comprehensive curriculum, interactive teaching methodologies and expert faculty. Participants left the programs with a strong foundation in research methodology, setting them on a path to becoming proficient researchers in their respective domains. The session met the current needs of addressing the research opportunities and dire needs of research in the current pandemic.

Finally vote of thanks was delivered by Dr.K.R.S.Sivapriya., M.D

Detailed report of the program

This covid pandemic wreaked havoc not only on our daily lives, but also on the educational system's teaching methods. This form of virtual class has numerous drawbacks, the most serious of which is that, disengaged students throughout our lectures. Through gamification, we have found a way to overcome this problem. Gamification is adding game mechanics into nongame environments, like a website, online community, learning management system intranet to increase participation. So the goal of gamification in medical research and education is to make our virtual classes more interactive, engaging and participative between students and faculties.

The programme started with the message from the Dean Prof. Dr. Kumudha Lingaraj, followed by Prof. Dr. D.H. Gopalan M.S., HOD, Dept. of Anatomy who gave an insight about gamification, after which the speaker Dr. S. Rajalakshmi delivered her talk about gamification in online teaching with workshop. The observant, coherent, and aesthetically compelling address was well appreciated by the faculty, according to responses received from them.

Detailed report of the program

Faculty Development Program organized by the Department of Community Medicine in association with MEU at Lecture Hall 1, College Block from 10.00AM to 12.30PM on the topic of RESEARCH METHODOLOGY on 12.05.2022. The event was inaugurated by respected Dean Dr. J. Kumudha Lingaraj, M.D., and felicitated by Medical Superintendent Dr. Karunanidhi. MS.,

The research methodology programs part 1 and part 2 introduced the fundamentals of qualitative research, such as various data collection methods like interviews, focus groups, and observations. They also spoke about data analysis techniques, including thematic analysis and content analysis.

The seminar emphasized the significance of ethical research practices, including obtaining informed consent, ensuring participant confidentiality, and mitigating potential risks during data collection.

18 faculties attended the program.

Finally vote of thanks was delivered by Dr. A. Vikram. M.D.
